Capabilities Equality:

Capabilities Equality Alexander Kaufman,2007-05-07 The capabilities approach to equality developed by Amartyr Sen and Martha Nussbaum seeks to answer the question what is a proper measure of a person s condition for the purposes of determining what we owe each other as a matter of justice While the capabilities theory has avoided many of the conceptual difficulties that have undermined competing accounts of egalitarian justice recent criticisms have raised questions regarding the focus structure and justification of the theory In this volume leading scholars present new and original essays that address these controversies

Capabilities, Gender, Equality Flavio Comim,Martha C. Nussbaum,2014-04-17 Provides unique reflections on the capability approach and its relevance to new human development policies and political liberalism

Global Economy, Global Justice George DeMartino,2002-09-11 This text presents a devastating critique of the currently fashionable idea of globalisation Using comprehensive and non technical language this book looks at the world s cultural and value diversity and questions whether it is possible to impose a global policy given these differences Topics covered include theories of distribution and welfare what leads to a good economic outcome Egalitarian theories of welfarism global neoliberalism and the free market culture

Nanotechnology and the Challenges of Equity, Equality and Development Susan E. Cozzens,Jameson Wetmore,2010-10-10 Nanotechnology is enabling applications in materials microelectronics health and agriculture which are projected to create the next big shift in production comparable to the industrial revolution Such major shifts always co evolve with social relationships This book focuses on how nanotechnologies might affect equity equality in global society Nanotechnologies are likely to open gaps by gender ethnicity race and ability status as well as between developed and developing countries unless steps are taken now to create a different outcome Organizations need to change their practices and cultural ideas must be broadened if currently disadvantaged groups are to have a more equal position in nano society rather than a more disadvantaged one Economic structures are likely to shift in the nano revolution requiring policymakers and participatory processes to invent new institutions for social welfare better suited to the new economic order than those of the past
