Mills,2016-10-18 We often see flyers of missing people many of them are children who perhaps enjoyed too much of their escapade that they were separated from their parents Others were probably adults suffering from a mental condition that rendered them incapable of returning home Other missing people cases however are far more intriguing and creepy For example would you imagine a group of passengers abandoning a ship even though it was still capable of operating If pirates killed them then why would they bother bringing the bodies Another case was about three friends who went missing after talking to a man with blond hair They boarded a boat according to some witnesses but what transpired in the boat is still a mystery Other cases such as a lost plane a missing woman with bipolar disorder and a police cover up on the disappearance of a teenage boy can also be found in this book So if
