## 70 Rows For Spirit Warfare:

Spiritual Warfare Sara Diamond, 1990 Published in 1989 Spiritual Warfare is Sara Diamond's penetrating exposé of the Religious Right and its growing influence over U.S. politics. With investigative precision Diamond uncovers the networks of propagandists, fundraisers, and ideologues who have shaped some of the most regressive domestic and foreign policies of the era. Far from a grassroots moral movement, the Religious Right emerges in these pages as a coordinated political force deeply embedded in media, government, and international affairs. Diamond reveals how this alliance of theocratic ambition and political strategy has helped normalize authoritarianism, anti-feminism, and militarism under the guise of family values and freedom. A foundational text in the study of religion and power in America, *Spiritual Warfare* remains a vital read for anyone seeking to understand the intersection of faith, politics, and empire.

**The Muslim Majority** Robin Hadaway, 2021-09-15 More than 70 percent of Muslims worldwide practice folk Islam, a syncretistic mix of theologically orthodox Islam and traditional religious beliefs and practices. *The Muslim Majority* is unlike many published works on evangelism to Muslims, which argue for either apologetic or contextualized bridge approaches. These approaches are often ineffective in reaching adherents of popular Islam. Instead, author and missiologist Robin Hadaway outlines a contextual approach that addresses the unique perspective of popular Islam. Hadaway explains the differences between folk Islam and orthodox Islam and explores best practices for reaching the vast majority of Muslims with the gospel of Jesus Christ.

*Waging War in an Age of Doubt* Robert Davis Smart, 2020-02-15 The Christian life is a battle, but many believers today don't realize their involvement in spiritual warfare. Our secular society, characterized by doubt and spiritual skepticism, leaves many Christians embarrassed even to talk about demonic forces of opposition. In order to awaken Christians to the battle around them and prepare them for it, Robert Smart surveys the terrain, identifies the enemy, and conveys defensive and offensive maneuvers for combating Satan. Just as military science combines knowledge of the humanities, natural sciences, applied sciences, and engineering, so this military textbook combines knowledge of the Bible, historical theology, contemporary culture, apologetics, practical theology, and biblical counseling. Here is a well-rounded overview of the unavoidable reality of spiritual warfare.

*God at War* Gregory A. Boyd, 1997-09-12 Modern Christians are often baffled by the problem of evil, frequently attributing pain and suffering to some mysterious good purposes of God. Gregory Boyd instead declares that biblical writers did not try to intellectually understand evil but rather grappled to overcome it.
