Sebald, 2004-02-17 During World War Two 131 German cities and towns were targeted by Allied bombs a good number almost entirely flattened Six hundred thousand German civilians died a figure twice that of all American war casualties Seven and a half million Germans were left homeless Given the astonishing scope of the devastation W G Sebald asks why does the subject occupy so little space in Germany s cultural memory *On the Natural History of Destruction* probes deeply into this ominous silence **The Novel After Theory** Judith Ryan, 2014-01-01 Novels began to incorporate literary theory in unexpected ways in the late twentieth century Through allusion parody or implicit critique theory formed an additional strand in fiction that raised questions about the nature of authorship and the practice of writing Studying this phenomenon provides fresh insight into the recent development of the novel and the persistence of modern theory beyond the period of its greatest success In this book Judith Ryan opens these questions to a range of readers drawing them into debates over the value of theory Ryan investigates what prompted fiction writers to incorporate and respond to theory nearly thirty years ago Designed for readers unfamiliar with the complexities of theory Ryan s book introduces the discipline s major trends and controversies and notes the salient ideas of a carefully selected set of individual thinkers Ryan follows novelists adaptation to and engagement with arguments drawn from theory as they translate abstract ideas into language structure and fictional strategy At the core of her book is a fascinating microstudy of French poststructuralism in its dialogue with narrative fiction Investigating theories of textuality psychology and society in the work of Don DeLillo Thomas Pynchon J M Coetzee Margaret Atwood W G Sebald and Umberto Eco as well as Monika Maron Alain Robbe Grillet Marguerite Duras Marilynne Robinson David Foster Wallace and Christa Wolf Ryan identifies subtle negotiations between author and theory

Gray,2017-11-16 Ghostwriting provides the first comprehensive analysis of the fictional prose narratives of one of contemporary Germany's most recognized authors the migr writer W G Sebald Examining Sebald's well known published texts in the context of largely unknown unpublished works and informed by documents and information from Sebald's literary estate this book offers a detailed portrait of his characteristic literary techniques and how they emerged and matured out of the practices and attitudes he represented in his profession as a literary scholar The title Ghostwriting signals the convergence in Sebald's works of a set of diverse historical questions philosophical views and literary practices Many historical ghosts haunt Sebald's narratives on the level of story Moreover Sebald's narrator plays the role of a ghostwriter in the profound sense that his stories fictionally re enact the histories of obscure but once living individuals whose lives they revitalize and whose fates are tied up with the most virulent historical conjunctures of the modern world This study thus seeks to comprehend the constitutive elements of Sebald's poetics of history his implementation of literary tools for effective historical memorializing

Soldier's Heart Elizabeth D. Samet,2004-08-01 Elizabeth D Samet and

her students learned to romanticize the army from the stories of their fathers and from the movies For Samet it was the old World War II movies she used to watch on TV while her students grew up on Braveheart and Saving Private Ryan Unlike their teacher however these students cadets at the United States Military Academy at West Point have decided to turn make believe into real life West Point is a world away from Yale where Samet attended graduate school and where nothing sufficiently prepared her for teaching literature to young men and women who were training to fight a war Intimate and poignant Soldier s Heart chronicles the various tensions inherent in that life as well as the ways in which war has transformed Samet s relationship to literature Fighting in Iraq Samet s former students share what books and movies mean to them the poetry of Wallace Stevens the fiction of Virginia Woolf and J M Coetzee the epics of Homer or the films of James Cagney Their letters in turn prompt Samet to wonder exactly what she owes to cadets in the classroom Samet arrived at West Point before September 11 2001 and has seen the academy change dramatically In Soldier s Heart she reads this transformation through her own experiences and those of her students Forcefully examining what it means to be a civilian teaching literature at a military academy Samet also considers the role of women in the army the dangerous tides of religious and political zeal roiling the country the uses of the call to patriotism and the cult of sacrifice she believes is currently paralyzing national debate Ultimately Samet offers an honest and original reflection on the relationship between art and life
