Australian Ways:

Australian Ways Lenore Manderson, 2020-07-28 This collection the first of its kind in Australia illustrates the richness of data and analysis born of the anthropological study of contemporary white Australian society The studies presented here deal with diverse settings and events ranging from a community s responses to a bushfire in rural NSW to the messages encoded in a male strip show in Adelaide Work and leisure family life and institutional relationships natural disaster and culturally manipulated violence the particular experiences of the homeless the elderly immigrants all form a part of this collection Specifically and recurrently the power of gender and class within Australian life is underlined This book was inspired by the need to demonstrate the especial skills and insights of anthropology when brought to bear on familiar everyday data It will be of interest to anyone curious about the colour and diversity of Australian life **Not Quite Australian** Peter

Mares, 2016-08-01 Permanent migration has long been vital to the story of Australia From the arrival of early settlers to waves of post war immigration the symbolic moment of disembarking onto Australian soil is an image deeply embedded in our nation s consciousness Today there are more than million temporary migrants living in Australia They work pay tax and abide by our laws yet they remain unrecognised as citizens All the while this rise in temporary migration is redefining Australian society from wage wars and healthcare benefits to broader ideas of national identity and cultural diversity In **Not Quite Australian** award winning journalist Peter Mares draws on case studies interviews and personal stories to investigate the complex realities of this new era of temporary migration Mares considers such issues as the expansion of the 457 work visa the unique experience of New Zealand migrants the internationalisation of Australia s education system and our highly politicised asylum seeker policies to draw conclusions about our nation s changing landscape **Not Quite Australian** is packed with fresh insight and challenging new ideas for understanding Australia s growing culture of temporary migration Peter Mares is an independent writer and researcher He is a contributing editor with the online magazine *Inside Story* and a senior moderator with *The Cranlana Programme* Peter was a broadcaster with the ABC for twenty five years serving as a foreign correspondent based in Hanoi and presenting national radio programs He is the author of the award winning book *Borderline Australia s Response to Refugees and Asylum Seekers in the Wake of the Tampa* and has written about migration for many media outlets including the *Age* *Australian Financial Review* and *Griffith Review* Peter lives in Melbourne with his wife and son Mares is indefatigable in his data gathering and scrupulously even handed in weighing the evidence He strikes an exquisite balance between the personal and scholarly the humane and tough mindedness **Not Quite Australian** is big picture storytelling with a pulse always keeping ideals blunt realities and people the exposed who want a place and the lucky ones entrenched here in the frame Australian An important and timely contribution to the debate about how Australia should handle the migration of people to its territory and I highly recommend it *Australian Book Review* Compellingly readable Mares research is comprehensive intellectually deft ethically and philosophically grounded but digestible and personally

attested This is on the ground people focused journalism of the highest kind Sydney Morning Herald Mares has once again presented a controversial and complicated topic with clarity and humanity At a time when a national conversation about what it means to be Australian or unAustralian seems daily social media fodder Not Quite Australian is an important contribution And a reminder of the importance of thorough slow burn journalism in the hot takes age Big Issue This detailed careful and topical book is illuminated by the personal stories of individuals and families caught up in a complex and bureaucratic system and it leaves a lasting impression of an Australia that is becoming a two tiered country Powerful and persuasive Overland This book is one which should be read by policymakers and concerned citizens alike Spectator One of the most important books published in Australia in 2016 An impressive account of one of the biggest scandals in contemporary Australia how we ve sleepwalked into a policy environment that encourages the systemic exploitation of an underclass of millions of temporary migrants in our country Tim Watts The Australian People James Jupp,2001-10 Australia is one of the most ethnically diverse societies in the world today From its ancient indigenous origins to British colonisation followed by waves of European then international migration in the twentieth century the island continent is home to people from all over the globe Each new wave of settlers has had a profound impact on Australian society and culture The Australian People documents the dramatic history of Australian settlement and describes the rich ethnic and cultural inheritance of the nation through the contributions of its people It is one of the largest reference works of its kind with approximately 250 expert contributors and almost one million words Illustrated in colour and black and white the book is both a comprehensive encyclopedia and a survey of the controversial debates about citizenship and multiculturalism now that Australia has attained the centenary of its federation
