*Writers' Handbook 2021* J. Paul Dyson, 2021-04-12 The 2021 edition of firstwriter.com's bestselling directory for writers returns in a new larger format with more than twice as many listings of literary agents literary agencies book publishers and magazines It now contains over 3 000 listings including revised and updated listings from the 2020 edition and over 2 000 brand new entries Finding the information you need is now quicker and easier than ever before with new tables and an expanded index and unique paragraph numbers to help you get to the listings you're looking for A variety of new tables help you navigate the listings in different ways including a new Table of Authors which lists over 3 000 authors and tells you who represents them or who publishes them or both The number of genres in the index has exploded from under 100 in the last edition to over 500 in this one So for example while there was only one option for Romance in the previous edition you can now narrow this down to Historical Romance Fantasy Romance Supernatural Paranormal Romance Contemporary Romance Diverse Romance Erotic Romance Feminist Romance Christian Romance or even Amish Romance The new edition includes 128 pages of literary agent and literary agency listings that's more than the Writer's Market 75 pages and the Writers literary agent at the Wade Doherty Literary Agency Ltd and long term firstwriter.com subscriber

**Writers' Handbook 2022** J. Paul Dyson, 2021-10-12 The 2022 edition of firstwriter.com's bestselling directory for writers is the perfect book for anyone searching for literary agents book publishers or magazines It contains over 2 500 listings including revised and updated listings from the 2021 edition and over 400 brand new entries

Finding the information you need is now quicker and easier than ever before with multiple tables and a detailed index and unique paragraph numbers to help you get to the listings you're looking for. The variety of tables helps you navigate the listings in different ways and includes a Table of Authors which lists over 3 000 authors and tells you who represents them or who publishes them or both. The number of genres in the index has expanded to over 600. So for example while there was only one option for Romance in the previous edition you can now narrow this down to Historical Romance Fantasy Romance Supernatural Paranormal Romance Contemporary Romance Diverse Romance Erotic Romance Feminist Romance Christian Romance or even Amish Romance. International markets become more accessible than ever with listings that cover both the main publishing centres of New York and London as well as markets in other English speaking countries. With more and more agents publishers and magazines accepting submissions online this international outlook is now more important than ever. There are no adverts no advertorials and no obscure listings padding out hundreds of pages. By including only what's important to writers contact details for literary agents publishers and magazines this directory is able to provide more listings than its competitors at a substantially lower price. The book also allows you to create a subscription to the firstwriter.com website for free until 2023. This means you can get free access to the firstwriter.com website where you can find even more listings and also benefit from other features such as advanced searches daily email updates feedback from users about the markets featured saved searches competitions listings searchable personal notes and more. I know firsthand how lonely and dispiriting trying to find an agent and publisher can be. So it's great to find a resource like firstwriter.com that provides contacts advice and encouragement to aspiring writers. I've been recommending it for years now. Robin Wade literary agent at the Wade Doherty Literary Agency Ltd and long term firstwriter.com subscriber.
