In order to succeed in one's career, it is important to make choices in life. As for me, I have discovered that the _____ is a perfect place for me. This paper will observe the reasons that have ensured me to apply for scholarship in the _____.

My most meaningful achievement was my recent Bachelors of Science degree completion. This program has prepared me for my future career in health-related facilities. It also offers me a wide variety of other opportunities, such as the continuing study in a special healthcare field. I realize that my study has improved my learning skills that can be applied later in the life-long learning. Classes and the campus environment have discovered new opportunities to improve my life through new knowledge that I can use in my future career. I can operate new skills, knowledge, and experience in every day working settings. My Bachelor of Science degree also promotes various considerations, such as cultural, gender, racial, and ethnic relevant to healthcare practice.

My children have been the biggest influence in my life because I take care of them and teach them a lot. I hope that my thoughts, attitudes to different things in life, and much more have left a permanent imprint on their personalities. Therefore, I believe that they will behave in accordance with ethical norms and intelligence even in my absence. My attachment with children is very close and it will determine their lifespan development.
