Harrington, 2021-09-07 *Happenstance* The abduction of a young brilliant mechanical engineer who happened to be a pot head in his pursuit of the finest reefer in the world leads to an adventure with potentially dire consequences An unlikely crew assembles in an effort to thwart a diabolical sinister murderous criminal mastermind in his scheme to take political and financial control over the booming new marijuana legalization *The Triangle Thinkers* have other things in mind *Audacity* How dare I Who am I to think that I could ever actually write a book Well whatever I went for it I've read thousands of fiction novels and have often thought about the challenge I've also been told that I should write a book So here you have it which begs another question I must ask myself why What is the end goal What is the objective I'd like to accomplish as a result of putting forth all of this tremendous effort and expense I respond to this quandary through introspection I look and see some of the awful things that I've been through and I'd like to be able to contribute toward their ultimate eradication Most notably to me and I'm dreadfully ashamed to say so as I'm first hand experienced with it is homelessness which in retrospect is nothing compared to having had the ultimate tragedy in my life of dealing with Alzheimer's Disease As an answer to these questions that I've asked myself while creating an exciting suspenseful entertaining and perhaps provocative story I've hoped to bring some attention to their issues within the pages of this novel The writing touches upon not only the two that I've mentioned but also other socio economic issues affecting everyday American citizens every day It is my sincerest hope that

with The Help of God and God Willing my effort will not be for naught that somehow some way through whatever if ever profit this may yield a percentage of your purchase can go toward contributing to these causes In my wildest dreams if this is successful I hope to establish a dual purpose foundation one concentration battling Alzheimer s Disease and the other the blight of homelessness in America All this being said please forgive me for my audacity How dare I write a book A New Novel with a Mission Reefenue is a novel with surprising and reasonable conclusions about marijuana in our society through imagining what it would be like to have it as a mainstream legal commodity instead of a very limited or forbidden product in the hands of the mafia where its dangers in this book and in real life are not chemical but rather those of distribution in the hands of powerful thugs for whom murder is a mere inconvenience for those who interfere with material profits The characters are drawn with a realism that makes their values humor shortcomings and even breathing part of the reader s journey through the book s 370 pages Each persona is plausible down to his or her speech patterns personal idioms and motives right down to the romance between Morty and Hank Henrietta The villainous Maestro conveys a picture of evil that makes any bad guys from Ian Fleming look like Mr Rogers The conflict at times becomes a wee bit grinding for readers who want simply to get on with it but Mr Harrington is not what I would call a terse writer with a sense of verbal economy His scenarios paint characters and their predicaments in sensory ways with elaborate detail and plausible extensive dialogue The principal message from the book is that marijuana should not be something restricted by government interference I think of prohibition of alcohol during the 1920 s and early 1930 s and am convinced that many similar horrors of crime from that era could be diminished or eliminated by making pot as legal as cigarettes Mr Harrington is a skilled writer with a mission one that he renders quite convincingly in his novel John Bolinger April 2021
