Balance In The World Man:

Biblical Portraits of Exile Abi Doukhan, 2016-05-26 Exile constitutes one of the most central experiences in the Bible notably in the book of Genesis The question has rarely been asked however as to why exile plays such an important role in the lives of Biblical characters *Biblical Portraits of Exile* proposes a philosophical reading largely inspired by the philosophy of Emmanuel Levinas of the experience of exile in the book of Genesis Focusing on the 8 central figures of exile Adam Eve Cain the sons of Shem Abraham Rebekah Jacob and the sons of Levy the book draws out the ethical and redemptive implications of exile and thereby paves the way for a renewed description of the human subject one that situates ethics at its very core

Wealth Plus+ Empowering Your Everyday! Christopher Alan Anderson, 2013-11-11 *Wealth Plus Empowering Your Everyday* comprises a series of concise articles created for the purpose of increasing your wealth Wealth here is being used in the broadest sense to include anything that empowers your life There is a great deal of material out there about creating one's reality the Law of Attraction connecting to Source and the like But how does one actually create the life they desire and output that into reality Is there some missing secret as it were Yes and it is contained in an abstraction distinction mankind has yet to make No matter where you stand in your spiritual journey this abstraction will require you to step beyond your current understanding and so this step can only be your choice Would you have it be any other way Each of the *Wealth Plus* articles build on the prior one By the time you complete all twenty five articles you will know that abstraction as the anchor of your own soul and the wealth you desire will be yours

Word Daniel Patrick Piskorski, 2012-11 *Inside of us* is a relativity that runs as deep as the ocean can get and as hot as the sun can burn There's no wonder why nature and space can really be so fascinating and reassuring to our meaning The contents in our being the substance to our relativity is so vast and distant that it holds stars and galaxies but also so small and close that it cannot even be seen or felt inside the palm of your hand We are infinitely relative to the basis of all that exists whether it's perceived or not It doesn't matter what religion you believe what country you come from or what color your skin is because you're still relative to humanity as humanity is relative to life as life is relative to matter as matter is relative to space space to time and so on a so forth We're dimensional incorporations to a fabric that's woven from a collective relativity and stretched comparative to that of a dividing singularity We're interweaving expressions of each other that elaborate the function of our basis that explains and proclaims the word in our own various and collective collaborations All of our credit belongings and possessions have to go back to the source in which they came but should also be done with pride in love and in thanksgiving for it's opportunity and our chance to experience The experience however is a part of the legacy that will be contributed to the collective experience and added back to the source of the singular consciousness The content in which we safeguard with our body and express through our representation will pass on in the link of experience and chain of consciousness We're all relative to its basis and the passion to which it's professed should also be made to that of relation We shouldn't hang our

relative ground to simple devise and petty similarity like race nationality or religion but remain passionate to understanding and relative to purpose and meaning The word is a vindication from a meaningless life and is an ultimatum to a higher purpose that is just passed a threshold of your own demise The word is the content in which the house of your body safeguards as you transmit your experience to the universal plane of infinite oneness with the source of our existence
