The Painted Screens of Baltimore Elaine Eff, 2013-10-23 Painted screens have long been synonymous in the popular imagination with the Baltimore row house Picturesque practical and quirky window and door screens adorned with scenic views simultaneously offer privacy and ventilation in crowded neighborhoods As an urban folk art painted screens flourished in Baltimore though they did not originate there precursors date to early eighteenth century London They were a fixture on fine homes and businesses in Europe and America throughout the Victorian era But as the handmade screen yielded to industrial production the whimsical artifact of the elite classes was suddenly transformed into an item for mass consumption Historic examples are now a rarity but in Baltimore the folk art is still very much alive The Painted Screens of Baltimore takes a first look at this beloved icon of one major American city through the words and images of dozens of self taught artists who trace their creations to the capable and unlikely brush of one Bohemian immigrant William Oktavec In 1913 this corner grocer began a family dynasty inspired generations of artists who continue his craft to this day The book examines the roots of painted wire cloth the ethnic communities where painted screens have been at home for a century and the future of this art form

Tradition, Urban Identity, and the Baltimore "Hon" David J. Puglia, 2018-09-15 Baltimoreans have garnered a reputation for greeting one another by tagging hon to their speech In the late twentieth and early twenty first century this small piece of local dialect took center stage in a series of rancorous public debates over the identity associated with Baltimore culture Each time controversy followed leading to consequences ranging from protests and boycotts to formal legislative action Hon brought into focus Baltimore's past and future by symbolizing lingering divisions of race class gender and belonging in the midst of campaigns to unify and modernize the city While some decried hon and the Hon as embarrassing others hailed the word and the related image of a down to earth blue collar woman as emblematic of the authentic Baltimorean This book tells the story of the battles that flared over the attempts to use hon to construct a citywide local tradition and their consequences for the future of local culture in the United States

Walking Baltimore Evan Balkan, 2013-02-18 Walking Baltimore includes Charm City's well known neighborhoods Downtown the Inner Harbor Mount Vernon and Fells Point But in the voice of its insider author the book also covers lesser known and far flung corners revealing what makes Baltimore such a wonderful and fascinating destination and hometown Full of little known facts and trivia this book shows how and why Baltimore was an essential player in the country's early history and continues to be influential today Here is a city almost unparalleled in American history and it lives up to its modern reputation as a quirky come as you are and be what you'll be place The zany Baltimore based film director John Waters of Hairspray fame summed it up best when he said It's as if every freak in the South was headed to New York City ran out of gas in Baltimore and decided to stay

The Hidden Heart of Charm City Katherine Cottle, 2019-10 The Hidden Heart of Charm City Baltimore Letters and Lives makes a compelling argument for the

importance of the intimacy literary narrative in getting to know a city through an emotional lens that is otherwise untapped by linear history and geographic landmarks Using the structure of the anatomical heart Cottle brings us through Baltimore's unexplored chambers by amplifying the romantic relationships and tender correspondences that have before now remained unearthed and underground neglected and belittled Igniting the voices of Frederick Douglass Harriet Tubman Lorena Hickok Ralph Waldo Emerson F Scott Fitzgerald and other local powerhouses along with their spouses and intimate partners Cottle invites us into the delicate contested space between the private sphere and the public realm while there she asks us to meditate on its contributions to the larger historical narratives of Baltimore Ultimately *The Hidden Heart of Charm City* brings its readers to a more intimate understanding of Baltimore by placing the untold stories of its natives at the forefront of its histories It provides us with a soulful unedited account of not only what the city has done for its inhabitants but what it can offer the rest of our nation and beyond

Reforming Charm City Dennis P. Halpin, 2012 *Reforming Charm City* Grassroots Activism and the Making of Modern Baltimore 1877-1920 uses Baltimore as a case study to explore the ways that race class and gender shaped the urban experience in the nineteenth and twentieth century United States This dissertation examines the Progressive Era from the bottom up Far from being quiescent subjects of reform working people built the foundations for equality between 1877 and 1920 Their efforts complicate our understandings of an era too often depicted solely as the triumph of middle class and elite conceptions of order Using court records memoirs vice reports newspapers and government documents this project examines the multiple ways in which Baltimore's disenfranchised residents challenged entrenched powers altered political debates helped establish policies on vice and reshaped the city's residential landscape In so doing it uncovers a largely neglected history of African American reformers who laid the foundation for the twentieth century civil rights movement and defeated the nation's first housing segregation ordinance Similarly it documents how workers and other non-elites mounted campaigns to end political corruption and economic exploitation and how women from all of these groups addressed a range of urban woes

answer these questions Rizzo explores the rise of tourism urban branding and citizen activism She considers artists working in the margins from the East Baltimore poets writing in Chicory a community magazine funded by the Office of Economic Opportunity to a young John Waters who shot his early low budget movies on the streets guerrilla style She also investigates more mainstream art from the teen dance sensation The Buddy Deane Show to the comedy drama Roc to the crime show The Wire from Anne Tyler s award winning book The Accidental Tourist to Barry Levinson s movie classic Diner
