where the fight for privacy freedom and autonomy against an increasingly autocratic regime is more critical than ever The battle for your freedom is already underway highlighting the urgent need to act against the encroaching shadows of oppression Will you join the ranks and stand tall in the face of impending tyranny The time to choose sides in this grand struggle is now As we found out in the revelations from the film The Jones Plantation Slavery never went away it was just rebranded as politics Seize this moment to arm yourself with knowledge to part the veils of deception and gaze into the unvarnished truth that Dero Rising offers This is your rallying cry to break free from the invisible chains that bind you to reclaim what has always been rightfully yours your freedom your privacy your power The battle lines are drawn are you brave enough to take a stand
