**BANKING ON APARTHEID.** ,1977 *Banking on Apartheid* Shridath Ramphal,1990-01-01 [Banking on Apartheid - the Financial Sanctions Report](#) Commonwealth Secretariat,J. Curry,Commonwealth Committee Of Foreign Ministers On South Africa,1989 [Financial Institutions and the Urban Crisis, Hearing Before The Subcommittee on Financial Institutions of ...](#), 90-2 ..., September 30 and October 1, 2, 3, and 4, 1968 United States. Congress. Senate. Committee on Banking and Currency,1966 *Swiss Banks and Jewish Souls* Gregg Rickman,2018-04-24 With the release of hundreds of damaging documents a dark side of Switzerland s democracy has been unveiled Switzerland is now seen as a nation of greedy bankers collaborators with the Nazis and robbers of the wealth of the victims of the Holocaust *Swiss Banks and Jewish Souls* is a powerfully enlightening account of how a small and determined group of people from divergent backgrounds humbled the legendary Swiss financial empire to achieve a measure of justice for Holocaust survivors and their heirs while shattering the myth of Swiss wartime neutrality Rickman tells how a small group of people none of them professional historians pieced together a puzzle of unknown proportions and proceeded to dismantle the myth of Swiss innocence and victimization at the hands of the Nazis and expose a fifty year cover up Untold numbers of European Jews and others placed their funds in Swiss banks because they believed they offered a safe haven for funds which the Nazis were trying to control What better place to put their money than in Switzerland *Swiss Banks and Jewish Souls* discusses how investigative groups proved that Switzerland stole the money of the Jews and helped the Nazis to do the same No one began with evidence and no one had a source of knowledge upon which to fall back All they shared was a feeling that something was terribly wrong and that a great injustice had occurred Propelled by this instinct a U S Senator the World Jewish Congress a British Parliamentarian the U S Holocaust Memorial Museum and a handful of Holocaust survivors accomplished what the U S British and French governments and a group of feuding Jewish organizations could not or would not do As a result of this effort how the world views Switzerland and how Switzerland views itself has been redefined Most importantly those who survived the Nazi horrors only to be victimized again by the Swiss bankers have now achieved some measure of justice or at least financial compensation after more than fifty years *Financial Institutions and the Urban Crisis* United States. **Continents** Duncan Campbell-Smith,2021-05-13 For almost a hundred years from the 1860s the City of London s overseas banks financed the global trade that lay at the core of the British Empire Foremost among them from the beginning were two start up ventures the Standard Bank of South Africa which soon developed a powerful domestic franchise at the Cape and the Chartered Bank of India Australia and China This book traces their stories in the nineteenth century their glory days before 1914 and their remarkable survival in the face of global wars and the collapse of world trade in the first half of the twentieth century The unravelling of the Empire after 1945 eventually forced Britain s overseas banks to confront a different future The Standard and the Chartered alarmed at the expansion of American banking determined in 1969 on a merger as a way of sustaining the best of the City s overseas traditions But from the start Standard Chartered had to grapple with the fading fortunes of its own inherited franchise badly dented in both Asia and Africa and with radical changes in the nature of banking Its British managers steeped in the past proved ill suited to the challenge By the late 1980s efforts to expand in Europe and the USA had brought the merged Group to the brink of collapse Yet it survived and then pulled off a dramatic recovery Standard Chartered realigned itself just in time with the phenomenal growth of Asia s emerging markets many of them in countries where the Chartered had flourished a century earlier In the process the Group was transformed Trebling its workforce it brushed aside the global financial crisis of 2008 and by 2012 could look back on a decade of astonishing growth Recent times have added an eventful postscript to a long and absorbing history Crossing Continents recounts Standard Chartered s story with a wealth of detail from one of the richest archives available to any commercial bank The book also affords a rare and compelling perspective on the evolution of international trade and finance showing how Britain s commercial influence has actually worked in practice around the world over one hundred and fifty years **Seduced and Betrayed** Milford Bateman,Kate Maclean,2017-05-01 Microfinance began as the disbursement of tiny loans to the poor which they could use to undertake informal income generating activities It went on to become one of the most popular

international development policies of all time and a mainstay of local development and antipoverty programs across the Global South The contributors to this multidisciplinary volume consider the origins evolution and outcomes of microfinance from a variety of perspectives and contend that it has been an unsuccessful approach to development The contributors contend that over the last twenty years microfinance policies have exacerbated poverty and exclusion undermined gender empowerment underpinned a massive growth in inequality destroyed solidarity and trust in the community and overall manifestly weakened those local economies of the Global South where it reached critical mass They use qualitative anthropological economic and political economic research to unpack the ideas and values that have allowed microfinance to seduce the world and blind so many to its corrosive effects

Israel in a Turbulent Region Tore Petersen, 2019-03-07 This anthology examines and deconstructs what Israeli security looks like and how its various security identities have evolved both before the establishment of the state and in the years and decades since 1948 It casts light on how aspects of Israel s foreign relations have been shaped as much by internal politics as by external challenge Further not only does it answer the questions surrounding Israel s past but examines carefully what type of country it has now become Compared to much of the turbulence in the region Israel s diplomacies have been remarkably resilient and inventive With the background of 100th anniversary of the Balfour declaration this book is a multidisciplinary study using several different methodological approaches from discursive analyses to theories of memories and identity to interviews with Israeli soldiers in the field to a legal approach to the topic as well as International Relations studies and traditional archival studies South Africa was one of Israel s main partners in terms of security cooperation and weapons research and development until the fall of the apartheid regime This has been compensated with Israel opening up diplomatic relations with China 1991 and India 1992 and extending its ties with Japan While the EU often criticize Israel s policies against the Palestinians this is mostly rhetoric as for practical purposes Israel is like a member of the EU This comprehensive volume studying contemporary Israel is an invaluable resource for students and scholars interested in Foreign and Security Policy Israel and the Middle East
