Rogers, 2016-05-20 Despite many churches claiming that the Bible is highly significant for their doctrine and practice questions about how we read the Bible are rarely made explicit Based on ethnographic research in English churches *Congregational Hermeneutics* explores this dissonance and moves beyond descriptions to propose ways of enriching hermeneutical practices in congregations Characterised as hermeneutical apprenticeship this is not just a matter of learning certain skills but of cultivating hermeneutical virtues such as faithfulness community humility confidence and courage These virtues are given substance through looking at four broad themes that emerge from the analysis of congregational hermeneutics tradition practices epistemology and mediation Concluding with what hermeneutical apprenticeship might look like in practice this book is constructively theological about what churches actually do with the Bible and will be of interest to scholars students and practitioners **Canon and Canonicity** Einar Thomassen, 2010 The authority of the Bible is one of the defining features of Christianity However the origins of the Biblical canon both as an idea and as a composition still pose many unresolved questions and the nature of the Bible's authority including the many ways in which that authority has been tapped throughout history are important and vast areas of investigation The essays in this book discuss such crucial issues as the history of the formation of the biblical canon examples of the canonisation of books in Antiquity outside Christianity and the nature and function of canonical texts in general Several essays furthermore deal with

the numerous ways in which biblical canonicity has been construed and utilised in more recent European history The essays written by specialists in religious studies ancient history classical philology church history and literary theory should be of great interest to students scholars and general readers concerned with scriptural and literary canon formation “The” Bible for Home Reading: Containing selections from the wisdom literature, the prophets, and the Psalter together with extracts from the Apocrypha. 1907 Claude Goldsmid Montefiore,1907 *Bible Society Record* American Bible Society,1874
