especially that of Jeremiah with whom he in several ways associates himself in his prophecies to preach to his contemporaries the judgment and salvation of God in order to convert them to the Lord their God Rightly to understand his work as a prophet the ripe fruit of which lies before us in his prophetic writings we must not only keep in view the importance of the exile for the development of the kingdom of God but also form a clear conception of the relations amidst which Ezekiel carried on his labours About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
