Gregor Schneider Gregor Schneider, Daniel Birnbaum, 2001 Chosen to represent Germany in the 2001 Venice Biennale Gregor Schneider has since the 1980s dedicated himself to building rooms as an expression of his art The focus of his work has been an ordinary tenement building in Germany known as Haus u r where he has lived while transforming it into a building of great atmospheric density through the process of continuous rebuilding This book documents Schneider's work on the German Pavilion for the Venice Biennale

Luc Tuymans Eva Meyer-Hermann, 2017-01-01 Belgian painter Luc Tuymans b 1958 has over the course of his remarkable career created a distinctive vernacular and is widely credited with having contributed to the revival of painting in the 1990s This second volume in a planned three volume catalogue raisonné of Tuymans's paintings surveys nearly two hundred works featuring some of his most iconic canvases including from his seminal exhibition Mwana Kitoko Beautiful White Man 2000 derived from the fraught history of Belgian colonial rule of the Democratic Republic of the Congo and The Secretary of State 2005 a portrayal of Condoleezza Rice which conjures the history of racial and sexual prejudice in the United States Brilliant color reproductions of each painting from this period are accompanied by an illustrated chronology with archival images and installation views of the works in the volume This catalogue raisonné is a testament to Tuymans's persistent assertion of the relevance and importance of painting a conviction that he maintains even in today's digital world

Staging art and Chineseness Jane Chin Davidson, 2019-12-17 This book addresses the politics of borders in the era of global art by exploring the identification of Chinese artists by location and exhibition Focusing on performative body oriented video works by the post 1989 generation it tests the premise of genealogical inscription and the ways in which cultural objects are attributed to the artist's residency homeland or citizenship rather than cultural tradition style or practice Acknowledging historical definitions of Chineseness including the orientalist assumptions of the past and the cultural mixing of the present the book's case studies address the paradoxes and contradictions of representation An analysis of the historical matrix of global expositions reveals the structural connections among art culture capital and nation

Vezzoli Francesco Vezzoli,2004 Francesco Vezzoli s Trilogia della Morte Trilogy of Death explores video and embroidery an
unconventional combination unified by both passion and effectiveness The 120 Seats of Sodom inspired by the Italian
director and poet Pier Paolo Pasolini s The 120 Days of Sodom aligns 120 black Charles Rennie Mackintosh chairs with
embroidered seats before a tapestry showing erotic scenes from other Pasolini films Non Love Meetings conceived as a
reinvention of Pasolini s documentary Love Meetings in which the director traveled through Italy interviewing people about
love and sex is set in a television studio and evokes Blind Date as much as its titular reference Like Love Meetings it seeks to
create a psychological territory in which the public speaks openly about sex and love like reality TV it stars a showgirl as well
as actresses from the film world MTV and soap operas all of whom are courted by unlikely suitors A fetching and thought
provoking mix of both formal and colloquial entertainment **2000 and Beyond** Valerio Terraroli,2010 The fifth book in the
series this volume concludes this extraordinary publishing project by analyzing the fascinating and controversial phenomena
of contemporary art Volume V maintains the structure that characterizes the four previous publications namely a spectacular
gallery of images essays by major contemporary critics and the clever juxtaposition of the most diverse objects and topics In
contrast it abandons the historical and thematic reconstructions and reference to the most familiar names and scientific
categories to which contemporary events by their very nature cannot be subject And it chooses to describe the multi faceted
tendencies of the contemporary age as day to day events which as such directly concern readers *The Manifesta Decade*

Leon Tarasewicz,2003 Alien Nation John Gill,Jens Hoffmann,Gilane Tawadros,2006 Alien Nation explores the ways the
metaphor of the alien little green man has been used to process the reality of the alien illegal or otherwise If the cinema of

the 1950s and 60s sublimated the fear of atomic catastrophe or communist attack into interplanetary drama the more recent work collected here uses elements of that retro sci fi world as powerful metaphors for our deep seated fears of the Other the foreigner the increasingly frequently decried invasion of immigrants or just the presence of people of different skin colors and beliefs Among the 12 international contemporary artists showcased are Laylah Ali Kori Newkirk and Yinka Shonibare They and their compatriots explore themes of otherness and difference in film sculpture painting photography and installation Their interplanetary visitors which might be built from Christmas ornaments like Marepe s untitled creature or sewn from African cloth like Shonibare s Dysfunctional Family are illustrated alongside film stills and posters from the 1950s and 60s a glossary of alien names from those films several thoughtful essays and interviews with the participating artists A timely ambitious and thought provoking exploration of the complex relationship between fiction race and contemporary art
