Upskilling employees through professional development results in greater retention, confidence and efficiency – and ultimately, greater outcomes for companies.

This is no different for schools and teachers. Teacher professional development (TPD) results in children learning more.

Currently, it is estimated that 250 million children around the world leave school unable to read and write. Help us to reduce that number.

We provide teachers in under resourced settings with a low-cost, digital, professional development solution through our ed-Tech, award winning platform, Teach2030. This easy-to-use, low-data platform means all teachers can receive access to contextualised, assessed, and certified TPD.

Strategic Partnerships

Partnerships with real purpose enable tangible outcomes aligned to your strategic goals.

We offer an exciting opportunity for pro bono working and collaboration to achieve a shared vision. Align your values with a charity that also invests in developing people. Engage your staff and boost morale.

Brand Partnerships

Inspire your customers to sponsor teachers who are often unrecognised for their work.

Whether you're looking to increase sales, launch a new product or gain positive PR, we work with you to create a cause-related marketing campaign to achieve your objectives and raise the profile of your organisation.

Skills Partnerships

Volunteering opportunities provide value to both our charity and your employees. We allow them to directly support teachers. Sharing their knowledge and expertise in a new way develops their skills and knowledge – which can then be implemented in your company.

Recognition Partnerships

Choose us as your 'Charity of the Year' and we'll work with you on a range of exciting fundraising, volunteering and awareness-raising activities. Let your organisation's community become global citizens, so they can make a difference to other communities worldwide.
