Communicating Christ In Animistic Contexts:

Communicating Christ in Animistic Contexts Gailyn Van Rheenen, 1991-01-01 COVENANT THEOLOGY: A Critical Analysis Of Current Pentecostal Covenant Theology , **Guiding Light** Kevin George Hovey, 2019-04-18 Rev Dr Alan Tippett was arguably one of the leading missiologists of the twentieth century Through his prolific pen poignant observations and powerful insights he significantly influenced mission research and activity in the period of the 1960s to 1980s This was particularly facilitated through his research writing and teaching at the Institute of Church Growth Fuller Theological Seminary School of World Mission and his inaugural editorship of the American Society of Missiology s journal *Missiology An International Review* Yet for those who did not know Tippett s material well the very specific nature of his research and writing limited the influence of his insights For example without already knowing the pertinent content why would a missionary to Thailand think of reading Tippett s *Solomon Islands Christianity* However according to Doug Priest editor of a number of Tippett s posthumous publications this volume has done what even Tippett himself did not do and that is to capture the key features of his missiology in one volume So *Guiding Light* functions as an in depth overview of *The Essential Alan Tippett* I can attest that the nature of Tippett s material continued to inform and inspire me throughout the eleven years of the research and writing of this study

The Holy Spirit and Mission Dynamics C. Douglas McConnell, 1997-09-15 *The Holy Spirit and Mission Dynamics* What role does the Holy Spirit play in church growth and missions This question has stimulated much conversation among theologians and missiologists Without reflecting on the matter practitioners are ill equipped to engage in spiritual warfare or discern the hand of God from counterfeit works of human strategy The ten chapters in *The Holy Spirit and Mission Dynamics* attempt to reflect on the most critical and controversial aspects of the debate The contributors draw from numerous specialties including philosophy hermeneutics historiography and theology Part one provides a biblical theological perspective that helps readers assess phenomena observed in both history and contemporary mission practice Part two gives multiple historical accounts of the Holy Spirit s ministry in various mission contexts Finally the five chapters in part three examine several contemporary concerns raised by Peter Wagner and four respondents This book prepares readers to reflect on their experience in light of theology and exegesis Ultimately they will better understand the Holy Spirit s ministry in diverse missions contexts

Interpreting Scripture across Cultures Will Brooks, 2022-06-17 The refugee that has come to your church the pastor of the immigrant church in your town and you yourself all come before the same Bible even the same verse and walk away with completely different understandings and applications In an increasingly globalized and multicultural world how can we learn to see beyond our own cultural influences understand those of others and learn from each other in order to better understand and apply the word of God How do we stay faithful to the text when our contemporary cultural perspective is so different from the original author s This book will enable you to understand the common pitfalls and dangers related to cross cultural hermeneutics while also

equipping you with principles and real life examples for how to interpret Scripture in such situations Additionally given the fact that our world is increasingly digitized and people are less and less likely to read we will consider the issue of oral hermeneutics and how those who can't read or choose not to read can interpret Scripture faithfully

Safari Based Theology Dr. Enos Lwamba, 2012-12-21 In Safari based Theology Dr Enos Lwamba has developed an approach to theology and mission based on his proposed safari motif for the development of theology and mission Based on his Ph D dissertation The Safari Motif in the Development of Theology in Africa Dr Lwamba argues that God has used a series of divine redemptive safaris in the Bible to reveal Himself progressively to people The author develops his proposed motif around a tri dimensional conception of reality and time and explores a threefold aspect of the safari mwanzo sasa and mwisho which provide keys to the African mindset He explores the various meanings and uses of the safari idea from both a biblical and theological perspective In addition to the literal safaris journey is an analogy of the church and believers are on a divine safari individually and collectively The safari model highlights the absolute necessity of the biblical message and the contextual situation to help Christians live effective and fruitful lives in society now and in future Inspired by both John Mbitis The African Concept of Time and Paul Hieberts The Flaw of the Excluded Middle the author utilizes biblical theological historical and contextual sources to make his point In the philosophical aspect of the safari the author develops his notion of an African conception of time modeled on the cultural safari idea which he relates to development of theology and mission He refutes the western influenced or commercially based notion that safari refers to a game hunting or tourist expedition to Africa Dr Lwamba promotes the argument that the philosophical framework and methodology drawn from the safari approach provides a more effective way of doing theology and mission in Africa and other contextual situations He also draws parallels to the safari concept from such sources as Augustines City of God John Bunyans The Pilgrims Progress and others in a refreshing and original style that the reader will find engaging The motif provides interpretational and practical application tools as it harmonizes the unity of the biblical message Its practical appeal makes Safari Based Theology a must read for Christians and others interested in their daily journey of faith The author contends that just as the idea of logos described the mindset conception of divine truth and aspirations of the Greek mind the concept of safari does the same for the African This book is highly recommended for pastors missionaries and teachers as well as students of Bible and theology culture and missions and other related disciplines

Theology and Practice of Mission Bruce Riley Ashford, 2011-09-01 Theology disconnected from mission is not Christian theology at all The pastors professors and missionaries writing Theology and Practice of Mission provide a clear biblical theological framework for understanding the church's mission to the nations Toward that goal the book holds three major sections God's mission the church's mission and the church's mission to the nations Part one explores the canon of Christian Scripture from narrative and systematic angles explaining how the mission of God to redeem a people who will be a kingdom of priests to the praise of his glory bear witness to his gospel advance his church and dwell

with him forever on a new heaven and earth is communicated in the Bible's four movements: Creation, Fall, Redemption, and Restoration. Part two sees the mission of God's people in the light of God's mission, emphasizing not only preaching and church planting but also gospel witness in every dimension of human culture, glorifying God in family, church, work, community, through the arts, sciences, education, business, and the public square. The writers encourage us to live missionally, leaving all of our resources at God's disposal for the sake of his kingdom. Finally, part three contends that the North American church must come to terms with its missional calling, just as international missionaries do, and gives a starting point and parameters for conceiving the church's mission to all people groups and cultural contexts. Chapters here include ones on unreached people groups, Muslims, Hindus, Buddhists, and Postmoderns. **Pentecostalism in Context** Wonsuk Ma, Robert P. Menzies, 1997

Missiology, 1995 An international review **Completing the Task** Edgar J. Elliston, Stephen E. Burris, 1995 This is a valuable resource tool on world missions. College students and people interested in serving in a mission setting will find this to be a great source for information. *Andrews University Seminary Studies* Andrews University. Seventh-Day Adventist Theological Seminary, 1994 *Shamanism in Korean Christianity* Nam Hyuck Jang, 2004 **The Contextualization of Cargo Cult Beliefs and the Christian Message in Irian Jaya, Indonesia** Michael L. McDowell, 1994 [Doing Theology in the Philippines](#), 2005 **Pokot Masculinity** Kjartan Jónsson, 2006 How is masculinity formed and transmitted between generations among the Pokot people in Kenya and what are the most important male values? The author Kjartan Jónsson lived and worked among the Pokot people for more than 11 years as a pastor and researched their life and religion, especially the rituals men go through from birth to death. The initiation rituals are the most important, particularly circumcision, as the initiates stay in special circumcision camps for up to three and a half months with mature men who teach them how men should live and the values of the Pokot male society. Rituals often reflect the importance of cattle in the life of the Pokot people, as cattle are the chief form of wealth and also serve as ritual sacrifices. A rich man can afford to have many wives and children who serve as an important labour force tending to the man's wealth. All this gives him power and respect in society. Pokot men finally have one goal: to prolong their lives as ancestral spirits, which is only possible if they have sons who provide them with progeny for which they become guardian spirits. The author's material on the Pokot people is put into the context of African traditional religion and theories of anthropology and science of religions about rituals. **Christianity Among the Religions of the World** Carlos G. Martin, 2007-06-15 This work examines the religions of the world from the particular perspective of Christianity. It aims to accomplish a dual goal: 1) to provide an introductory review of the historical development of the religions of the world and a description of their belief systems, and 2) to explore avenues for an effective Christian witnessing among those who follow them. *Christianity Among the Religions of the World* is appropriate for students and educators in Christian colleges, universities, and seminaries. *Elenchus of Biblica* Robert North, 1997 **American Book Publishing Record**, 1991 [The Religion of the Oraons](#) Varghese Palatty Koonathan, 1999 **Be My Witnesses** Jose
