O'Loughlin, Laura Roselle**

Communication In International Politics:

Global Communication & International Relations Howard H. Frederick,1993 **The International Politics of Communication** Alan Chong,2025-03-18 In an era of globalization international communication constantly takes place across borders defying sovereign control as it influences opinion While diplomacy between states is the visible face of international relations this informal diplomacy is usually less visible but no less powerful Information politics can be found in propaganda Internet politics educational exchanges tourism and even popular film The International Politics of Communication examines this informational dimension of international politics investigating how information is generated conveyed through channels and directed specifically at audiences While citizens are often portrayed as faithfully loyal supporters and beneficiaries of the modern nation state a fiction supported by passports identification papers and other notarized credentials they are subject to the pulls of loyalty from transnational tribal affiliations mythological and historical narratives of ethnicity as well as the transcendental claims of religion and philosophy Increasingly social media also enchants non state individuals providing new virtual communities as the center of loyalties rather than national affiliations By reinterpreting taken for granted concepts in journalism media political economy nationalism development and propaganda as information politics this book prepares serious minded scholars citizens politicians and social activists everywhere to understand the power plays in international communication and use alternatives to begin transforming power relations

Communication in International Politics American Political Science Association,1972 *Communication in international politics* ,1970 *Global Information and World Communication* Hamid Mowlana,1997-02-24 The new edition of this major work offers a comprehensive analysis of international communication systems and the global flow of information Hamid Mowlana places the analysis of global mass media and other forms of communication within a critical overview of international and intercultural relations Extensively rewritten and revised *Global Information and World Communication* deals with the phenomenon of global information flow in all contexts political economic cultural technological legal and professional Mowlana illustrates how different communication strategies and systems have contributed to the creation of powerful interests and have altered the global scene He takes into account recent events and shows how these have challenged basic assumptions and theories enabling the debate about communication and world society to embrace broader concepts of world politics information economy cultural ecology and international development Strategic Narratives Alister Miskimmon,Ben O'Loughlin,Laura Roselle,2014-02-18 Communication is central to how we understand international affairs Political leaders diplomats and citizens recognize that communication shapes global politics This has only been amplified in a new media environment characterized by Internet access to information social media and the transformation of who can communicate and how Soft power public diplomacy 2 0 network power scholars and policymakers are concerned with understanding what is happening This book is the first to develop a systematic framework to understand how political

actors seek to shape order through narrative projection in this new environment To explain the changing world order the rise of the BRICS the dilemmas of climate change poverty and terrorism the intractability of conflict the authors explore how actors form and project narratives and how third parties interpret and interact with these narratives The concept of strategic narrative draws together the most salient of international relations concepts including the links between power and ideas international and domestic and state and non state actors The book is anchored around four themes order actors uncertainty and contestation Through these Strategic Narratives shows both the possibilities and the limits of communication and power and makes an important contribution to theorizing and studying empirically contemporary international relations

International Studies Association International Communication Best Book Award **Conflict & Communication** John Wear Burton,1969 **Political Communication and Performative Leadership** Corina Lacatus,Gustav Meibauer,Georg

Löfflmann,2023-11-07 This edited collection explores the intersections of populist communication performative leadership and international politics It investigates the mechanisms and dynamics connecting these core conceptual fields and offers empirical examples Together the contributors to the volume argue that populist communication i e the language deliberation and discursive performance of populist ideas has a profound and lasting impact not only on domestic politics but in terms of foreign policies as well as the conduct of international politics writ large First populist communication shapes how global regional and transborder issues are debated and strategically used for political purposes domestically Second populist communication changes when and how states and other actors in turn formulate responses and policies vis a vis for example migration global health climate change trade or war Finally populist communication affects the nature of international politics It influences how actors conduct themselves internationally and how we may conceive of core concepts and practices such as diplomacy security cooperation and order To illustrate these mechanisms the contributors explore cases from around the world demonstrating the relevance of populist communication for international politics in both the Global South and the Global North

Intercultural Communication Houman A. Sadri,Madelyn Flammia,2011-03-03 [Global Communication and World Politics](#) Majid Tehranian,1999 Reflecting the profound changes that are taking place in the world system this book charts a conceptual framework for understanding emerging patterns of global politics and communication Tehranian begins by tracing the evolution of the world system from its agrarian origins into today s post industrial information based pancapitalism He then draws out the implications of that evolution for global systems of domination development and discourse in the context of fragmentation A study of the complexities of relations between the Islamic and Western worlds demonstrates how systemic distortions in cross cultural communication have led to tragedies in world politics *Global Communications, International Affairs and the Media Since 1945* Philip Taylor,2002-11 An analysis of the nature role and impact of communications within the international arena since 1945 Taylor provides an accessible guide to this growing field for students of media communications studies and international history [Universal Codes of Media in International](#)

Political Communications: Emerging Research and Opportunities Yeromin, Mykola Borysovyh, 2020-11-27 Much like different lenses will give a camera a different view different forms of media portray different aspects of political relations Without conveyed messages through audiovisual media individuals would lose those conveyed messages through sub textual means Universal Codes of Media in International Political Communications Emerging Research and Opportunities provides emerging research exploring the theoretical and practical aspects of audiovisual media and applications within political science Featuring coverage on a broad range of topics such as media representation political studies and international communications this book is ideally designed for policymakers administrators and government officials **Communication and Interaction in Global Politics** International Political Science Association, IPSA Research Committee on Global Communication, 1987-02 Communication and Interaction in Global Politics presents the state of the art in quantitative research on the properties of communication and interaction in global political behaviour In the first section various models of global interaction are developed Part Two focuses on international relations and Part Three presents various data based approaches to the study of international integration *International Political Communication* Walter Phillips Davison, Council on Foreign Relations, 1965 Studies political effects of mass media exchange of persons etc on U S foreign policy with observations on communications systems used by other countries of the world **International Political Communication** Walter Phillips Davison, 1965 **Infrastructure Communication in International Relations** Carolijn van Noort, 2020-11-09 This book demonstrates how infrastructure projects and the communications thereof are strategized by rising powers to envision progress to enhance the actor s international identity and to substantiate and leverage the actor s vision of international order While the physical aspects of infrastructure are important infrastructure communication in international relations demands more scholarly attention Using a case study approach Carolijn van Noort examines how rising powers communicate about infrastructure internationally and discusses the significance of these communication practices The four case studies include BRICS s summit communications about infrastructure Brazil s infrastructure promises to Africa China s communication of the Belt and Road Initiative in East Africa and Kazakhstan s news media coverage of China s Belt and Road Initiative Van Noort highlights the fact that the link between infrastructure identity and order making is arbitrary and thus contested in practice with rising powers operationalizing infrastructure communication in international relations in varied ways She argues that both communication organization and the visuality of strategic narratives on infrastructure influence the international communication of infrastructure vision and action plans with different levels of success Infrastructure Communication in International Relations is a welcome and timely book of interest to students and scholars in the fields of international relations global communications and the politics of infrastructure The Politics of World Communication Cees J Hamelink, 1994 Communication plays a central part in the increasing global interconnectedness of contemporary societies nations and economies In this book Cees J Hamelink examines the political

processes and decisions which determine the global communication environment Mass communication telecommunication data traffic intellectual property and communication technology have all been regulated by agreements within the international community Examining negotiation processes and their outcomes the author offers an analysis of the global politics of communication and its implications for specific nations areas and communities Underlying the analysis is a fundamental concern with communication as an issue of human rights which rais

Communication, Development, and the Third World Robert L. Stevenson, 1988 The first book to address two of the foremost issues in international communication the UNESCO debate over the New World of Information Order NWIO which attempted to reach a global consensus on the purpose of journalism and secondly the place of mass media and telecommunication in the development of third world countries It traces the growth of these issues from their beginnings in the sixties through the UNESCO declaration on mass media in 1978 into the present decade Key features of this text are the examination of the role communication plays in countries with differing systems of government and an explanation of the issues that brought UNESCO into the limelight in the eighties and its importance to the future Originally published in 1988 by Longman

Public Diplomacy and International Politics Robert S. Fortner, 1994-04-27 This book examines international radio news coverage of the four superpower summit meetings between Soviets and Americans from 1987 to 1990 It concentrates on the symbolic constructs used by radio services to report about the summits including their treatments of the two superpowers their leaders and their perspectives as recorded in interviews press conferences and releases joint communiques and briefings The study assesses the degree of success enjoyed by each of the superpowers in directing the nature of international news coverage particularly the public relations battle between Mikhail Gorbachev and Ronald Reagan It also weighs the viability of specific talking points written to direct U S summit statements by the National Security Council and the degree to which news coverage was tainted by propaganda Finally it is able to suggest the nature of each service s contribution to diversity in international news flow and to the ongoing debate about the equality of the international communication and information order

International Politics Cecil Delisle Burns, 1920
