Community Of The Ark:

The Community of the Ark Mark Shepard, 2011-07-01 France's Community of the Ark is one of the past century's most successful experiments in utopian living. Founded by Lanza del Vasto, a Christian disciple of Mahatma Gandhi, it offers an inspiring model for a nonviolent society. Mark Shepard shared the life of this remarkable community for six weeks in 1979 and reported on what he found. Mark Shepard is the author of *Mahatma Gandhi and His Myths: The Community of the Ark and Gandhi Today*, called by the American Library Association's Booklist a masterpiece of committed reporting. His writings on social alternatives have appeared in over 30 publications in the United States, Canada, England, Norway, Germany, the Netherlands, Switzerland, Japan, and India. A joy to read. Ray Olson, American Library Association Booklist, Sept 1, 1989. Will be welcomed by many. Highly informative and full of little-known information. Harmony, Sept/Oct 1989. Shepard is able to transform the community and its members from mere images or abstractions into real individuals with both their virtues and their defects. Anyone interested in the history of contemporary communities will profit from Shepard's keen observations. Andre J. M. Prevos, Utopian Studies. Shepard makes the community come alive. PRC Newsletter, Spring 1990. SAMPLE Palm Sunday. The bell in the tower tolls first weakly but quickly building up strength to a full-bodied tone, then stops abruptly. When I reach the courtyard of the main building, there are already people there talking in small groups: people from La Borie, Noble, from the Ark's other villages, and guests from the local area; others are still on their way on the paths from La Flayssiere and Nogaret. The people of the Ark wear their festival clothes, handmade all from white wool: the men with their heavy sweaters and pants, the women with their long dresses, and many of both with hooded cloaks down to their feet. The children rush around among the adults, then after a while pass out boughs for the adults to hold. The sun shines brightly though the air hanging between the tree-covered mountain slopes is still icy cold. Now all gather in a circle, each one holding a bough. Soon the singing begins, a hundred voices raised in stately full harmonies: Hallelujah, Glory to God in the highest heaven, And peace on earth to men of good will. In the music in the entire scene, the ancient and the modern seem to blend, giving a sense of timelessness. It is as if this could take place anywhere in any time, while it is surprising to find it at all. **The Community of the Ark** Mark Shepard, 2017-04-25 France's Community of the Ark is one of the past century's most successful experiments in utopian living.
