## **Community Corrections A Community Field Approach:**

**Community Corrections** David Duffee, Edmund F. McGarrell, 1990 *Discretion, Community, and Correctional Ethics* John Kleinig, Margaret Leland Smith, 2001 Is it possible to develop and instill a professional ethic for prison personnel that in partnership with formal regulatory constraints will mediate relations among officers staff and inmates or are the failures of imprisonment as an ethically constrained institution so deeply etched into its structure that no professional ethic is possible The contributors to this volume struggle with this central question and its broader and narrower ramifications **Federal Probation**, 1992 NIJ Reports, 1990 Electronically Monitored Punishment Mike Nellis, Kristel Beyens, Dan Kaminski, 2013-05-07 Electronic monitoring EM is a way of supervising offenders in the community whilst they are on bail serving a community sentence or after release from prison Various technologies can be used including voice verification GPS satellite tracking and most commonly the use of radio frequency to monitor house arrest It originated in the USA in the 1980s and has spread to over 30 countries since then This book explores the development of EM in a number of countries to give some indication of the diverse ways it has been utilized and of the complex politics which surrounds its use A techno utopian impulse underpins the origins of EM and has remained latent in its subsequent development elsewhere in the world despite recognition that it is less capable of effecting penal transformations than its champions have hoped This book devotes substantive chapters to the issues of privatisation evaluation offender perspectives and ethics Whilst normatively more committed to the Swedish model the book acknowledges that this may not represent the future of EM whose untrammelled commercially driven development could have very alarming consequences for criminal justice Both utopian and dystopian hopes have been invested in EM but research on its impact is ambivalent and fragmented and EM remains undertheorised empirically and ethically This book seeks to redress this by providing academics policy audiences and practitioners with the intellectual resources to understand and address the challenges which EM poses Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations for 2001 United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies, 2000 American Corrections Todd R. Clear, George F. Cole, 1993 In this introductory text Clear and Cole offer the idea of the correctional system in order to promote and enhance understanding of the complexity and variety of corrections The concept of corrections as a TsystemTT of interconnected organizations is a theme carried throughout the book Clear and Cole describe the correctional system as being comprised of a composite of large and small organizations that is administered by various levels of government national state county local seeking to satisfy complex and sometimes competing goals through the efforts of professional and nonprofessional employees who are put into contact with another and in direct authority over offenders The authors consistently include the contributions of several disciplines such as history law psychology political science and sociology in a clear and straightforward manner **Testimony of members of**

**Policing Communities** Ronald W. Glensor, Kenneth J. Peak, Mark E. Correia, 2000 Introduces students to the field of Community Oriented Policing and Problem Solving COPPS This book emphasizes the role that the community plays in developing effective strategies for controlling and preventing crime methods the police are using to examine the context of

crime and procedures that agencies are using to implement COPPS      **Criminal Justice Review** ,2004      *Judging in a Therapeutic Key* Bruce J. Winick,David B. Wexler,2003 Part I of this book describes the newly emerging problem solving courts such as drug treatment courts domestic violence courts mental health courts etc and other related approaches to problem solving judging and judging with an explicit ethic of care Authors Winick and Wexler show how judges can use therapeutic jurisprudence not only in specialized problem solving courts but in general civil and criminal judicial settings as well In Part II the book covers emerging principles of therapeutic jurisprudence that seem to be at work in successful judicial approaches how courts can encourage offender reform how they can help offenders develop problem solving and coping skills how they can encourage offender compliance with release conditions how they can serve as effective risk managers and much more Rarely does the academic work of law scholars have such a clear cut impact in shaping the research agendas of a broad range of legal academics Rarer still are the times when such legal scholarship positively impacts the working lives of judges and practicing lawyers As these essays make abundantly clear therapeutic jurisprudence has come of age as a legal discipline in its own right ready to be further tested carefully and strategically within our judicial system The authors assembled in this worthy volume believe strongly in the law s potential to serve as a healing agent and seek to cast judges and lawyers in the roles of peacemakers and creative problem solvers Their vision deserves our serious consideration The Journal of Legal Medicine Winick and Wexler have gathered an impressive collection that both introduces the topic to newcomers and provides additional depth for those already generally aware of the concepts Steve Leben in The Justice System Journal      **NIJ Reports** ,      **A Strategic Corrections Plan for Oregon** Oregon.
