Communist Manifesto Karl Marx Friedrich, 2018-10-13. The Communist Manifesto reflects an attempt to explain the goals of Communism as well as the theory underlying this movement. It argues that class struggles or the exploitation of one class by another are the motivating force behind all historical developments. For example, Marx says the bourgeoisie accuses the proletariat of wishing to get rid of all private property. But the communists only want to get rid of bourgeois property by putting the means of production in the hands of the community while leaving property like personal belongings alone. The Communist Manifesto is a brief publication that declares the arguments and platform of the Communist party. It was written in 1847 by political theorists Karl Marx and Friedrich Engels and was commissioned by the Communist League, a political party based in England.

The Communist Manifesto Karl Marx, 2021-05-06. Karl Heinrich Marx was a German philosopher, economist, historian, sociologist, political theorist, journalist, and socialist revolutionary. Born in Trier, Germany, Marx studied law and philosophy at university. He married Jenny von Westphalen in 1843. Friedrich Engels, sometimes Anglicised as Frederick Engels, was a German philosopher, historian, political scientist, and revolutionary socialist. He was also a businessman, journalist, and political activist whose father was an owner of large textile factories in Salford and Barmen, Prussia. The Communist Manifesto is the classic work of economics that initiated one of the greatest movements of political change that the world has ever seen. The writings of Karl Marx brilliantly expose the vast divide between the elite ruling class and the working class that has existed throughout history. At the time, The Communist Manifesto was first published, it was intended to serve as a publication to help unite the working class and to form a communist party based on the philosophies of communism. To that aim, it was very successful and helped to unleash a wave of sweeping political change.
