Drake The Man They Called A Pirate:

Drake: the man they called a pirate ... Illustrated by Frederick T. Chapman Jean Lee Latham,1960 **Drake, the Man They Called a Pirate** Jean Lee Latham,1960 Adventures of the piratical Elizabethan mariner who contributed enormously to the growth of sixteenth century English sea power **Twenty Florida Pirates** Kevin M McCarthy,2015-10-17 Blackbeard Jose Gaspar Jean Lafitte the names conjure up a romantic swashbuckling figure with a black patch over one eye a cutlass in his teeth and a brace of pistols tucked into his waistband Actors such as Errol Flynn did much to create that devil may care attitude glamorized on the silver screen but in fact real pirates were not so admirable for the most part they were cruel greedy dastardly brigands many of whom were slave traders or smugglers in addition to being pirates Still we continue to be fascinated by their lives and exploits perhaps because they led such adventurous lives full of bravery recklessness and daring It is certainly more enjoyable and safer to read about pirates than to encounter one This book chronicles the lives and times of 20 notable Florida pirates from the English privateers of the 1500s to present day drug smugglers and yachtjackers Pirates have always found easy prey in the seas around Florida not only did the treasure laden ships on their way back to Europe have to sail close to Florida s shores to catch the currents east but the treacherous Florida Reef foundered many a ship making easy pickings Most of what we know about pirates comes from Navy records newspaper accounts or eyewitness statements from those whom the pirates spared This book distills the most interesting facts from many sources into a book that will be enjoyed by anyone interested in a different perspective on Florida s history *A Guide to Historical Reading* ,1976 American Book Publishing Record ,1968 **A Guide to Historical Reading** Fred Raymon Czarra,1983

Bro-Dart's Catalog of Books and Book Processing for School Libraries... Bro-Dart Industries,1967 **The Kerlan Collection Manuscripts and Illustrations for Children's Books** Kerlan Collection,1985 **Roar of the Sea** Deb Vanasse,2022-02-01 A swashbuckling narrative of treachery and obsession involving pirates fur seals competing governments and near war In *Roar of the Sea* Deb Vanasse writes with verve and dramatic impact reconstructing the narrative of Elliott s tenacious crusade in a way that will transport the reader back to the cacophonous seal rookeries to the bloody blubber slicked decks of the sealing ships and to the elegant meeting rooms of the nation s capital While bringing deserved attention to Elliott for his wildlife conservation work in the late 19th and early 20th centuries Vanasse ends with a sobering challenge those seal rookeries on the Pribilof Islands are now facing new human caused threats and could use 21st century advocates The Daily Astorian Coast Weekend Now comes a fascinating full history of the fur seal story pitting artist and advocate Henry Wood Elliott against the most famous of the seal pirates a man named Alex MacLean and a whole host of ill informed and corrupt business and political titans Deb Vanasse a former Alaskan who now lives in Oregon and is the author of many previous books including *Wealth Woman* about the Klondike gold rush has done extensive research to illuminate the historical characters the difficulties of reaching an international agreement to protect wildlife and the significance of that

treaty today Anchorage Daily News Over a century ago treachery in Alaska's Bering Sea twice brought the world to the brink of war The US seized Canadian vessels Great Britain positioned warships to strike the US and Americans killed Japanese pirates on US soil all because of the northern fur seals crowded together on the tiny Pribilof Islands The herd's population plummeted from 4.7 million to 940,000 in the span of eight years while notorious seafarers like Alex MacLean who inspired Jack London's *The Sea Wolf* poached indiscriminately Enter an unlikely crusader to defend the seals self-taught artist and naturalist Henry Wood Elliott whose zeal and love for the animals inspired him to go against all odds and take on titans of the sea Winning seemed impossible and yet Elliott managed to expose corruption and set the course for modern wildlife protections that are all the more relevant today as the world grapples with mass extinction Carefully written and researched *Roar of the Sea* reveals the incredible hidden history of how one lone activist existing in the margins prevailed against national governments and corporate interests in the name of wildlife conservation
