Dream Catcher Reflections On Reclusion:

Dream Catcher Margaret A. Salinger, 2013-09-10 In her highly anticipated memoir Margaret A Salinger writes about life with her famously reclusive father J D Salinger offering a rare look into the man and the myth what it is like to be his daughter and the effect of such a charismatic figure on the girls and women closest to him With generosity and insight Ms Salinger has written a book that is eloquent spellbinding and wise yet at the same time retains the intimacy of a novel Her story chronicles an almost cultlike environment of extreme isolation and early neglect interwoven with times of laughter joy and dazzling beauty Compassionately exploring the complex dynamics of family relationships her story is one that seeks to come to terms with the dark parts of her life that quite literally nearly killed her and to pass on a life affirming heritage to her own child The story of being a Salinger is unique the story of being a daughter is universal This book appeals to anyone J D Salinger fan or no who has ever had to struggle to sort out who she really is from whom her parents dreamed she might be

Library Journal ,2000-04 *I Used to Know That* Caroline Taggart, 2010-10-19 This small but mighty collection will trigger your memory with fun facts you learned in school from adverbs to the Pythagorean Theorem Witty engaging entertaining a book you ll pick up again and again Author Caroline Taggart discovered two things while researching this book and talking with other people One everybody had been to school And two they had all forgotten entirely different things Contained in this handy little book are the facts that you learned in school but may not remember completely or accurately Covering a variety of subjects this book features all the most important theories equations phrases and rules we were all taught years ago Rediscover History The first president to occupy the White House was John Adams in 1800 Religion The seven deadly sins and the names of the twelve apostles Literature In which Shakespearean play The quality of mercy speech appears Science The periodic table of elements devised by a Russian chemist in 1889 includes the symbol for lead Pb silver Ag tin Sn and gold Au Nature How photosynthesis works The information presented in easy to retain bite sized chunks is accurate and up to date It will touch a chord with anyone old enough to have forgotten half of what they learned at school Here is a perfect gift for every perennial student *Biscuits & Bullets: The Story of Jennie Wade* Connie Heyer

Hansen, 2021-09-23 Gettysburg To most people the very name conjures up images of war death destruction horrified screams and all manner of damage and ruin But to three people growing up there in the mid 1860s it was simply home Jennie Wade Jack Skelly and Wesley Culp played tag in the streets tossed pebbles into Rock Creek and fished from its banks They shared each other s secrets and dreams of the future But none foresaw what would happen when war reached their little town Gettysburg is situated a mere ten miles north of the Mason Dixon Line a hub where over half a dozen roads converge So when war started it was not inconceivable that the village would sooner or later be touched by it And touch it it did For three days in July 1863 the battle raged in and around the town until when it was over a village that numbered about two thousand souls suddenly found itself caring for over twenty thousand wounded from both sides In the midst of all the tragedy three

friends emerged One joined the Union Army the other the Confederate Army and Jennie stayed behind War like death will not be ignored and it came to visit each of them in its own way Life too holds many secrets including how it ends As close as the three were in life they would never learn each other s secret ending
