Dream Police Selected Poems 1969 1993:

The Dream Police Dennis Cooper, 1995 *The Dream Police* collects the best poems from five of his previous books and also includes a selection of new works From his darkly erotic early verse to the more refined post punk poems to his later experimental pieces Cooper s evolving study of the distances in romantic relationships has made him a singular voice in American poetry

The Weaklings (XL) Dennis Cooper, 2013 **THE WEAKLINGS XL** which expands upon a limited edition 2008 book of the same name gathers the best of Cooper s poetry from the last 19 years

Literature and Race in Los Angeles Julian Murphet, 2001-03-19 Los Angeles is both the most fragmented and the most minoritized metropolis in America and its most luridly abstract and aestheticized city With more than eighty five languages being spoken in its classrooms and one homogeneous visual language emanating from its entertainment industry LA radically challenges the prospects of that archaic representational medium literature In its investigation of the work of Bret Easton Ellis James Ellroy Anna Deveare Smith and others *Literature and Race in Los Angeles* articulates their aesthetic preoccupations with the structures of social space in the city Harnessing some of the theoretical insights of Henri Lefebvre and the LA school of geographers Murphet demonstrates the versatility of literary production in LA and speculates about the fortunes of literature in a predominantly visual culture

AIDS Narratives Steven F. Kruger, 2013-10-28 This is the first book length study of the rich fiction that has emerged from the AIDS crisis Examining first the ways in which scientific discourse on AIDS has reflected ideologies of gender and sexuality such as the construction of AIDS as a disease of gay men part of a battle over masculinity and thus largely excluding women with AIDS from public attention the book considers how such discourses have shaped narrative understandings of AIDS On the one hand AIDS is seen as an invariably fatal weakening of an individual s bodily defenses a depiction often used to reconfirm an identification between disease and a weak and vulnerable gayness On the other hand AIDS is understood in terms of an epidemic attributable to gay immorality or unnaturalness The fiction of AIDS depends upon these two narratives with one major subgenre of AIDS novel presenting narratives of personal illness decline and death and a second focusing on epidemic spread These novels also question the narrative structures upon which they depend intervening particularly against the homophobia of those structures though also sometimes reinforcing it

Our Deep Gossip Christopher Hennessy, 2013-11-29 This book presents interviews with eight gay men who are celebrated American poets and writers discussing their early lives friends and communities that shaped their work histories of gay writers before them how sex and desire connect with artistic production and what coming out means to a writer
