The Global Intercultural Communication Reader Molefi Kete Asante, Yoshitaka Miike, Jing Yin, 2013-06-26 The Global Intercultural Communication Reader is the first anthology to take a distinctly non Eurocentric approach to the study of culture and communication In this expanded second edition editors Molefi Kete Asante Yoshitaka Miike and Jing Yin bring together thirty two essential readings for students of cross cultural intercultural and international communication This stand out collection aims to broaden and deepen the scope of the field by placing an emphasis on diversity including work from authors across the globe examining the processes and politics of intercultural communication

from critical historical and indigenous perspectives The collection covers a wide range of topics the emergence and evolution of the field issues and challenges in cross cultural and intercultural inquiry cultural wisdom and communication practices in context identity and intercultural competence in a multicultural society the effects of globalization and ethical considerations Many readings first appeared outside the mainstream Western academy and offer diverse theoretical lenses on culture and communication practices in the world community Organized into five themed sections for easy classroom use The Global Intercultural Communication Reader includes a detailed bibliography that will be a crucial resource for today s students of intercultural communication *Human Communication Research* ,1986 **Intercultural Communication** Deborah A Cai,2009-11-20 Intercultural communication research finds its roots primarily in anthropology psychology and sociology However many intercultural communication scholars draw mostly from a relatively recent body of work Intercultural Communication represents both the classic works that set the foundation for the field as well as the more recent influential works The volumes examine a wider and more interdisciplinary range of literature that has influenced this field

Transcultural Realities Virginia H. Milhouse,Molefi Kete Asante,Peter O. Nwosu,2001-07-24 This text challenges the quantitative social science perspective on intercultural communication by examining critical issues from diverse perspectives Key topics include historical and religious perspectives racial and ethnic issues cross cultural adaptation and methods of researching other cultures The book takes a more critical cultural worldview of intercultural communication includes some of the major thinkers of the contemporary times including Molefi Kete Asante Ama Mazama Anthony Monteiro and Ali Mazrui is constructed so that professors and students of any cultural group might use it **Theories in Intercultural Communication** Young Yun Kim,William B Gudykunst,1988-10 Published in cooperation with the Speech Communication Association Division on International and Intercultural Communication Just as the earlier version of this work Intercultural Communication Theory helped to define the field Theories In Intercultural Communication also makes an important contribution This collection represents the major current approaches to the study of intercultural communication as well as of communication in general The contributors cover constructivist theory coordinated management theory convergence theory adaptation in intercultural relationships intercultural transformation and network theory The volume offers an analysis of the most current theories in intercultural communication It also points to areas of further research and the need for continued refinements of existing approaches This volume is valuable for graduate students and professionals in the areas of communication especially intercultural and interpersonal ethnic studies cross cultural studies comparative studies and education The book is well conceived in its purpose scope and organization It is also well executed with an even quality throughout Each chapter author clearly presents the theory and provides thorough documentation This volume promises to become a central piece in both the definition and development of theory in intercultural communication Modern Language Journal This volume does represent a significant attempt to consolidate and crystallize the current intellectual core concepts

of mainstream intercultural communications theories and to push the field forward toward a more rigorous and coherent state. As a collection, these essays cover a lot of the bumpy terrain that constitutes the field of intercultural communication from an interpersonal perspective. Very useful in the context of a university course on intercultural communications.

Chinese Communication Theory and Research Wenshan Jia, Xing Lu, D. Ray Heisey, 2002-06-30. A systematic examination of Chinese communication scholarship and comprehensive critique of its theories and methodologies are long overdue, and in this new collection of essays by a multicultural group of scholars, both aims are achieved. Focusing on such relatively new fields as Chinese health communication and Chinese communication on the internet, the volume addresses key questions about the state and the future of its field. Both challenging and complementing the Western views of communication, it advances theories of cultural and intercultural communication while at the same time broadening our understanding of the relevance of Chinese communication studies to communication studies overall and the ways in which this subdiscipline points the way.
