Baghdad Busineb School:

Iraq Geoff Hann, Karen Dabrowska, Tina Townsend-Greaves, 2015-08-07 Modern Iraq is under threat from every quarter Politics play havoc with ordinary lives sanctions cut deep However today s rare visitors are met with a broad hospitality that belies years of deprivation

Above the Law Adrian Bleese, 2021-06-19 Adrian Bleese spent twelve years flying on police helicopters and attended almost 3 000 incidents as one of only a handful of civilian Air Observers working anywhere in the world In Above The Law he recounts the most interesting difficult emotionally charged funny and downright baffling highlights of his career working for Suffolk Constabulary and the National Police Air Service The events he was involved in were often life and death or at the very least life changing for those involved From his observer s perspective he describes them with real compassion While he does not shy away from tackling some of the darker sides of policing such as traffic accidents missing persons and armed crime this book is above all about helping people about a passion for flying and for the countryside and perhaps more than anything about hope

Baghdad Business School Heyrick Bond Gunning, 2012-11-01 The realities of a business start up in a war torn Iraq it s not like this at Harvard Heyrick was on the first civilian plane into Baghdad after the airport had been secured Armed with a camp bed some baked beans and a wallet full of greenbacks his mission was to establish a foothold for one of the world s largest logistics businesses in one of the world s most inhospitable markets This book charts the challenges the characters the comedy and the catastrophe of trying to do business in a war zone It also provides a unique perspective on the Iraq conflict not of another journalist soldier or politician but of a businessman with unusual balls

Iraq Then and Now Karen Dabrowska, Geoff Hann, 2008 Unlike other publications since the downfall of Saddam s regime Iraq Then instead it presents the varying views and offers a rounded balanced picture Published to coincide with the fifth anniversary of the change this guide to the country and its people provides information on Iraq s culture and archaeology the south Baghdad and the Sunni Triangle The northern region of Iraqi Kurdistan stands apart as a success story and the travel appendix provides essential information for the increasing numbers of visitors to this region

A Documentary History of Modern Iraq Stacy E. Holden, 2012-07-08 Previously published histories and primary source collections on the Iraqi experience tend to be topically focused or dedicated to presenting a top down approach By contrast Stacy Holden s A Documentary History of Modern Iraq gives voice to ordinary Iraqis clarifying the experience of the Shiites Sunnis Kurds Jews and women over the past century Through varied documents ranging from short stories to treaties political speeches to memoirs and newspaper articles to book excerpts the work synthesizes previously marginalized perspectives of minorities and women with the voices of the political elite to provide an integrated picture of political change from the Ottoman Empire in 1903 to the end of the second Bush administration in 2008 Covering a broad range of topics this bottom up approach allows readers to fully immerse themselves in the lives of everyday Iraqis as they navigate regime shifts from the British to the Hashemite monarchy the political upheaval of the Persian Gulf wars and beyond Brief introductions to

each excerpt provide context and suggest questions for classroom discussion This collection offers raw history untainted and unfiltered by modern political framework and thought representing a refreshing new approach to the study of Iraq
