Bali's silent crisis Jeff Lewis, Belinda Lewis, 2009-04-16 Bali and Balinese culture have become central to western imaginings of the east Along with its natural beauty and tropical sensuality Bali s rich and complex culture has proved intensely alluring for western artists scholars and travelers However as this aesthetic imagining and desire for beauty have evolved into a mass tourism industry the island people and their culture have experienced radical and rapid transformation While many in the international community were stunned by the horror of the militant bombings in 2002 and 2005 these attacks were merely the apex of a profound and ongoing crisis which resonates through the period of Bali s modernization and engagement with the global economy of pleasure Bali s Silent Crisis examines and elucidates the complex cultural and political environment of contemporary Bali The book explains the conditions of crisis in Bali in terms of a powerful collision of cultural elements and trends focusing specifically on the double matrix of desire and violence that has characterized Bali s recent past Moving beyond a simple opposition between tradition and the modern this book reveals a society that is

struggling to reconcile its own profound aesthetic and sense of historical identity with the intense agonisms that are generated through rapid social and cultural change Through its thematic approach Bali s Silent Crisis presents an image of community trauma creative resilience and pluralization The book records the challenges and horrors associated with transition as well as the formidable beauty that remains intrinsic to the island s sense of cultural destiny **Pacific Islands Monthly** ,1973 **Beyond the Realm of the Senses** Raechelle Rubinstein,2000 This book is the first comprehensive study of the practice of kekawin composition in Bali Based on field research and a diverse range of palm leaf texts it explores Balinese perceptions of kekawin composition and demonstrates the nexus between religion and the writing of these poems Like kekawin from ancient Java Balinese kekawin have been conceived as a mystical means of unification with divinity as temples of language In the first part of the book Bali is shown to be a society of religious literacy and alphabet magic and the religious beliefs that underpin literary activity are examined The second part explores Balinese conceptions of the practice of kekawin composition as literary yoga Both the priestly identity of poets and the act of composing as a religious ritual are considered The final section investigates the craft of composition through texts that concern prosody poetics and orthography the Canda the Bhasaprana and the Swarawyanjana Beyond the Oceans Norman John Grenville Pounds,1962 *Beyond Bawa* David Robson,2007 Takes a look at Geoffrey Bawa s life and career and at the legacy of his influence through the work of contemporary architects working across southeast Asia **Balisand.
