Ter Tarj Nyi, Rita Dosek, Péter Tarjányi, 2012-03 It is mere months after Tom's capture of the Serbian ex president He and his unit built a strong bond over the course of their mission but it is time for them to part ways since the job is done The reward money helps and Tom is prepared to nally retire in style But the Serbian underworld that assisted in the president's capture now feels a need for revenge They want payback for the violence Tom's unit brought to their country Suddenly Tom's unit is on the chopping block An international manhunt is launched to find Tom and the rest of his team The man doesn't want them in a court of law however they want them dead Tom's own country is of no help as he is now considered a war criminal of a different kind a guilty bounty hunter Now the team must get back together in order to save their lives and clear their names Things are quite different now for the whole unit For the first time in his long proud career Tom now finds himself on the wrong side of the law

and it will take a lot more than friendly conversation to get out of Europe alive **In Harm's Way** Martin Bell,2012-04-05  
Martin Bell's was BBC TV's principal correspondent during the war in Bosnia from 1992 to 1995 The original version of this passionate and personal account of the conflict was written while the war was still going on some of it late at night in the Holiday Inn in Sarajevo *In Harm's Way* is not only about the progress of the war it is about its origins how it began and how it could have been avoided it is about the human costs of war in which all the peoples of Bosnia became the victims it is about a massive failure by the United Nations beginning with an inadequate peace keeping mandate and ending with the Srebrenica massacre and it is about the practices of war reporting itself And it is about the journalists in the thick of it the oddballs and the idealists the wild adventurers and hardened professionals who were caught up in this war and tried to make some sense of it In the introduction to this new edition marking the twentieth anniversary of the outbreak of hostilities Martin Bell reflects on the impact of what he calls the most consequential war of our time *Balkan Departures* Wendy Bracewell,Alex Drace-Francis,2009-05-01 In writings about travel the Balkans appear most often as a place travelled to Western accounts of the Balkans revel in the different and the exotic the violent and the primitive traits that serve according to many commentators as a foil to self congratulatory definitions of the West as modern progressive and rational However the Balkans have also long been travelled from The region's writers have given accounts of their travels in the West and elsewhere saying something in the process about themselves and their place in the world The analyses presented here ranging from those of 16th century Greek humanists to 19th century Romanian reformers to 20th century writers socialists and men of the world suggest that travellers from the region have also created their own identities through their encounters with Europe Consequently this book challenges assumptions of Western discursive hegemony while at the same time exploring Balkan Occidentalisms *Intervention, Border and Maritime Issues in CARICOM* Kenneth Hall,Kenneth O. Hall,Myrtle Chuck-A-Sang,2007 The maritime land and river boundary disputes between the adjacent South American countries of Suriname and Guyana existed long before the two nations gained independence from colonialism Both countries claim sovereignty over three regions the Courantyne River which separates them the New River Triangle which lies at the southern edge of the adjacent countries and part of the Caribbean Sea which extends north from their coastlines The issue was of little importance until the discovery of important natural resources in the contested regions gold deposits were found in the New River Triangle and offshore petroleum opportunities arose on the continental shelf When both nations realized that timely resolution was economically crucial they renewed efforts to achieve a comprehensive bilateral demarcation However a mutually agreeable settlement has proved far more elusive than anticipated In *Intervention Border and Maritime Issues in CARICOM* the contributors address this ongoing boundary dispute as well other maritime disputes between Barbados and Trinidad and Tobago and Guatemala and Belize The background of the disputes are discussed in the context of international law as well as CARICOM's intervention and non intervention The major conflicts have tested the goodwill and

ability of member states and CARICOM to find common ground at the leadership level At a time when the Community is grappling with the erosion of preferential agreements as well as competition for aid from countries in the east of an expanded Europe striking a harmonious balance with the self interests of individual states in order to resolve conflict is of supreme importance Recommendations for the resolution of conflict are offered including a strengthening of Community mechanisms so as to avoid inciting external interference and intervention in any form The assertion of individual interests however will continue to test the flexibility and resourcefulness of CARICOM in absorbing and accommodating these interests CARICOM must find a way between an inter governmental approach and a supranational approach that best represents the interests of all of its members
