Baltic Countdown:

Baltic Countdown Peggie Benton, 2023-11-28 A firsthand account of Latvia during World War II A British diplomat's wife's beautifully observed eye witness account of the Soviet occupation Cond Nast Traveler With her husband in the British Foreign Service Peggie Benton had already lived through the Nazi invasion of Austria in 1938 and had settled comfortably into the day to day life of Riga the capital of Latvia But the country's uneasy history with Russia and tensions brewing with Germany just prior to the outbreak of World War II meant their peace was not to last In this compelling memoir Benton captures both the small details of life in the city the markets the winter customs the Baltic character and the terrifying moments during the evacuation of Baltic Germans and the Soviet invasion that left the couple homeless and with an uncertain fate Their world comes crashing down during the chaos of war and the Bentons are forced to flee more than twenty two thousand miles eastward across Russia on the Trans Siberian Railway to Japan then through Canada to England crossing both the Pacific and Atlantic Oceans Baltic Countdown is a tribute to the people of Latvia Lithuania and Estonia their resilience through the trials of history and their never ending hope of independence An engaging account in its own right A bittersweet memoir of a city on the edge of disaster Her compelling depiction of Riga and its inhabitants conjures up a world that is almost unknown in the West Studies in Intelligence CIA journal [British Agent](#) John Whitwell, 1996 The role of the secret agent before and during World War 2 was often not as glamorous as we are led to believe and many of the practitioners were amateurs poorly equipped and often working against formidable state security agencies as this book reveals *Latvia* Paul Brummell, 2024-06-07 The new sixth and thoroughly updated edition of Bradt's Latvia remains the only standalone guide to this fascinating and ever changing Baltic nation This is a small but enchantingly varied country that will appeal to culture vultures history buffs outdoors enthusiasts and foodies alike Latvia is best known internationally through its capital city Riga whose centre is a UNESCO World Heritage site combining a medieval core providing testimony of its importance as a port of the Hanseatic League and an outer area containing the most extensive assemblage of Art Nouveau buildings in Europe Latvia is much larger than Denmark or Switzerland yet with a population of under two million is one of the most verdant countries in Europe A low lying landscape of forests lakes and marshes offers an increasing range of rural tourism options facilitated by recent EU infrastructural investments Why not go hiking or kayaking in Gauja National Park go cycling or explore Latgale's lakes In summer Latvia's Baltic Sea coast comes into its own almost 500km long much comprising pristine sandy beaches backed by dunes Seaside options range from cosmopolitan Jurmala once a favoured holiday destination of the Soviet elite to out of the way idyllic spots the visitor will have to themselves Latvia's complex history results in tourist attractions ranging from medieval castles to the Baroque splendour of Rundale Palace and from Daugavpils's Mark Rothko arts centre to a once secret Soviet nuclear bunker Latvian culture and identity reaches peak expression in the five yearly Song and Dance Festival involving forty thousand performers If you can't wait for that why not

uncover Latvia's pagan roots including the mystical stones of the Pokaini Forest or relax in a combination of traditional saunas and modern spas For something completely different you could even visit Karosta former military prison where the intrepid can book a night in a cell sleeping on an iron bunk Balancing coverage of the country's cultural attractions with guidance on where and how to enjoy its natural environment Bradt's Latvia is the perfect guidebook to inform and inspire your visit

Latvia in World War II Valdis O. Lumans, 2006 Valdis Lumans provides an authoritative balanced and comprehensive account of one of the most complex and conflicted arenas of the Second World War Struggling against both Germany and the Soviet Union Latvia emerged as an independent nation state after the First World War In 1940 the Soviets occupied neutral Latvia deporting or executing more than 30 000 Latvians before the Nazis invaded in 1941 and installed a puppet regime The Red Army expelled the Germans in 1944 and reincorporated Latvia as a Soviet Republic By the end of the war an estimated 180 000 Latvians fled to the West The Soviets would deport at least another 100 000 Drawing on a wide range of sources many brought together here for the first time Lumans synthesizes political military social economic diplomatic and cultural history He moves carefully through traditional sources many of them partisan to scholarship emerging since the end of the Cold War to confront such issues as political loyalties military collaboration resistance capitulation the Soviet occupation anti-Semitism and the Latvian role in the Holocaust
