

A black Bible with the word "Bible" printed in gold, serif font. The Bible is positioned diagonally across the frame, resting on an open book. The pages of the open book are visible, showing text in a light color. The background is a soft, out-of-focus white surface, possibly a bedsheet or a tablecloth. The lighting is soft and even, highlighting the texture of the Bible's cover and the pages of the open book.

Bible And Literature A Reader:

The Bible and Literature David Jasper, Stephen Prickett, 1999-08-11 There is no book more important for our culture than the Bible and it is fundamental to the study of English literature and language

Reading the Bible as Literature Jeanie C. Crain, 2010-08-09 Reading the Bible as Literature provides the ideal entry point to the process of reading understanding and assessing what many recognize to be the important and powerful literature of the Bible Such reading holds potential for helping students understand literature generally and the Bible in itself The book introduces the tools of literary analysis including language and style the formal structures of genre narrative drama and poetry character study and thematic analysis The book emphasizes the act of reading itself focusing upon the whole text as it exists in its current form It invites an experiential entering into and reliving of the Bible s stories encourages analytical and holistic reading explores multiple interpretations and embraces a power of language originating in the mythological metaphorical and symbolic Above all the book seeks to return the Bible to the common reader and to build in that reader an appreciation for a collection of ancient literary texts often trivialized by competing theologies or marginalized by a relentless insistence upon fact science and history Back cover

Literature and the Bible Jo Carruthers, Mark Knight, Andrew Tate, 2014 The editors bring together a selection of key critical and theoretical materials from the last thirty years or so that focus on the long and complex relationship between the western literary tradition and the Jewish and Christian scriptures Arranged across nine sections each contains an introduction approximately four previously published extracts and further reading lists This book is essential reading for anyone studying Literature and the Bible on undergraduate English Religion and Theology degrees

Reader's Guide to Periodical Literature Supplement, 1919

Bible Literature; An Introductory View of the Bible and Its Books John A. W. Haas, 2015-07-06 Excerpt from Bible Literature An Introductory View of the Bible and Its Books For the General Reader and Sixth Grade d104 Book for Schools and Colleges The place of this book in the Graded Series determines its character but all who seek a simple and short statement of Biblical literature from an orthodox point of view may be aided by it Its use as the last and highest text book of a system explains its form and also its limitations Among the latter are the running of the matter into a mould of 52 Chapters to correspond to the Sundays of one year the precedence of the New Testament to conform in a measure to the Church year the necessarily uniform length of each lesson to meet the time limit of Sunday school teaching and the following of the order of the books as they are in the Bible rather than their historical order The attainment of those to be taught and the restrictions of space made it necessary to simplify and as a rule to refer only to the inner readily apparent and controllable testimony of a book as to its time and author But while the outer historical testimony has not been given the positions taken accord with the clearest and best external historical evidence Where critical questions have become or are becoming more or less known they are indicated in this book and the line of defense shown mostly in footnotes Those who know the literature will readily see what has been consulted The best and latest works have

been considered The positions taken are the conservative ones In the New Testament they have solid ground The discussions on the Old Testament are still in progress About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
