Biblical Demonology A Study Of The Spiri:

Biblical Demonology Merrill F. Unger, 1994-04-15 The supreme merit of Biblical Demonology is that it holds closely to the Word of God It will remain for many years to come the standard treatment of biblical demonology Dr Wilbur M Smith

Biblical Demonology Merrill F. Unger, 2013-10 This is a new release of the original 1952 edition *Biblical Demonology* Merrill Frederick Unger, 1952 *A Genetic Study of the Spirit-phenomena in the New Testament ...* Elmer Harry Zaugg, 1917

Demons in the USA Michael E. Heyes, 2024-09-24 Demons in the USA argues that the discourse on the demonic that developed in the nineteenth century continues to exert a powerful hold over the American spiritual imagination The book begins by tracing the conservative Christian encounter with Spiritualism in the nineteenth century and the mode of thinking about the demonic which developed As Spiritualism's core principles reappeared in the New Age Christian interlocutors once more drew on this anti Spiritualist paradigm to condemn the movement This condemnation is absorbed by and amplified through the film *The Exorcist* The author considers how the success of the film disseminates the anti Spiritualist paradigm in surprising ways entangling it with entertainment science and politics such that it influences psychology the Satanic Panic of the 1980s and the contemporary QAnon movement This entanglement points to the broader argument of the work While we may wish to think of a film as entertainment and thus having no bearing on reality or demonic material as religious and thus exempt from categories like politics or science the truth is that categories are not so easily separated The author contends that the need to enforce the boundaries of such categories and the failure to do so is a hallmark of the intellectual construct of modernity and that those who believe in demons in the contemporary United States are surprisingly modern in their views The book grounds the importance of media to the twentieth and twenty first century religious experience arguing that the United States of today would not be possible without *The Exorcist* and its products Demons in the USA will be of particular interest to scholars dealing with religion in America those with a focus on religion and film or those involved with contemporary demonology

The Facts on Spirit Guides John Ankerberg, John Weldon, 1988 Booklet discusses voluntary spirit possession or channeling Channelers claim a spirit actually enters their body and speaks guide through them The key issue is this exactly who or what are these spirit guides Many ideas even bizarre ones have been considered Are they merely the hallucinations of the mentally unstable as doctors say Are they parts of the unconscious mind available to us all as some psychologists say Are they creatures from

the future or are they from civilizations deep in space as some scientists say Are they genuine spirit beings such as angels the dead or the gods and nature spirits of various religious traditions as the channelers say Or are they another category of being entirely the demons mentioned in the Bible If one looks for a theory to explain all the facts the demon theory cannot be ignored whether or not it is personally appealing About this booklet *Life in Christ: a study of the Scripture doctrine on the nature of man, the object of the divine incarnation, and the conditions of human immortality* Edward WHITE (Minister of St. Paul's Chapel, Hawley Road.),1875 *A Minister's Manual for Spiritual Warfare* Mark A.
