Big Bands and Great Ballrooms Jack Behrens, 2006 Where did big bands and swing music go They didn't leave but many Americans actually believe they disappeared along with ballrooms jukeboxes bobby sox and zoot suits decades ago Band leader Brooks Tegner who has recreated the great music of World War II with his Army Air Corps Review Big Band offers a good response In order for something to come back it needs to have gone away Big bands have wrongly been put in that category They never went away And that's the essence of the chapters of my book about America's big bands ballrooms and dancing's past and present And there's a good look at the future through the eyes of a number of young bandleaders from the east to west coast who carry on in the tradition of Guy Lombardo Glenn Miller Harry James Woody Herman Duke Ellington and a host of other music legends in their own distinctive way The struggle to survive in the music business hasn't been without losses and a need for life support It did when Miller Benny Goodman James and Ellington were in their heyday It's a financially precarious business regardless of your talent Inevitably music and dancing evolved and matured The reasons are numerous and linked to our heritage But like marching bands on the 4th of July imagine a country club new year's eve without live dance music and a big band Think about the many community social events and high school and college proms let alone wedding receptions that still insist on having live bands to play the foxtrots and swing numbers people enjoy My research shows that while there were approximately 800 big bands on the road during the swing era of the 1940s today there are nearly 1,300 big bands according to a Google search and a review of hundreds of territory bands Consequently neither the bands nor the music vanished they scattered throughout the American countryside Big Band Jazz Albert McCarthy, 1983 *Swingin' the Dream* Lewis A. Erenberg, 1998 Dance into the 1930s swing bands that combined jazz and pop creating dreams for the Depression and capturing imagination of American youth critics and business 32 illustrations

Making the Scene Alexander Stewart, 2007-08-02 The received wisdom of popular jazz history is that the era of the big band was the 1930s and 40s when swing was at its height But as practicing jazz musicians know even though big bands lost

the spotlight once the bebop era began they never really disappeared Making the Scene challenges conventional jazz historiography by demonstrating the vital role of big bands in the ongoing development of jazz Alex Stewart describes how jazz musicians have found big bands valuable He explores the rich rehearsal band scene in New York and the rise of repertory orchestras Making the Scene combines historical research ethnography and participant observation with musical analysis ethnic studies and gender theory dismantling stereotypical views of the big band Experiencing Big Band Jazz Jeff Sultanof,2017-11-08 The era of popular music from about 1917 onward saw an explosion of creative songwriting that converged with a new sound from reed brass and rhythm instruments Jazz was born and the musical sophistication that accompanied this original sound set the stage for the prominence of arrangers whose role in big band orchestrations became as important as jazz musicians and composers themselves The Big Band evolved as a unique phenomenon in American music history With both studio and live vintage recordings readily available an investigation of how to listen and experience Big Band music is overdue In Experiencing Big Band Jazz A Listener's Companion composer arranger music historian and music editor Jeff Sultanof takes a fresh look at Big Band music examining why the Big Band era started when it did how pop music changed to meet the needs of Big Bands and the reverse the role played by well known band leaders and the bands they led the jazz soloists who became legendary and the stories of several ensembles previously unexamined Lists of must hear recordings and videos drawn from studio as well as live sources are also included to make the book an invaluable resource for music lovers of every age Swing Changes David Ware Stowe,1994 Drawing on memoirs oral histories newspapers magazines recordings photographs literature and films Stowe looks at New Deal America through its music and shows us how the contradictions and tensions within swing over race politics its own cultural status the role of women mirrored those played out in the larger society **The Big Band Almanac** Leo Walker,1978 Contains more than 500 pictures most of them never published before biographies of more than 350 orchestras and lists the highlights of the various leaders careers when they started their recording affiliations outstanding sidemen etc Page 4 of cover St. Louis Jazz: A History Dennis C. Owsley,2019 In the early twentieth century St Louis was a hotbed for ragtime and blues both roots of jazz music In 1914 Jelly Roll Morton brought his music to the area In 1919 Louis Armstrong came to town to play on the floating conservatories that plied the Mississippi Miles Davis the most famous of the city's jazz natives changed the course of the genre four different times throughout a world renowned career The Black Artists Group of the 1970s was one of the first to bring world music practices into jazz Author Dennis C Owsley chronicles the ways both local and national St Louis musicians have contributed to the city and to the world of music **Metronome** ,1958 Before Motown Lars Bjorn,Jim Gallert,2001 The history of Detroit jazz comes alive with remarkable photographs advertisements and interviews **Big Band Jazz in Black West Virginia, 1930-1942** Christopher Wilkinson,2012-02-01 Association of Recorded Sound Collections Awards for Excellence Best Research in Recorded Jazz Music Certificate of Merit 2013 The coal fields of West Virginia would seem an unlikely

market for big band jazz during the Great Depression That a prosperous African American audience dominated by those involved with the coal industry was there for jazz tours would seem equally improbable Big Band Jazz in Black West Virginia 1930 1942 shows that contrary to expectations black Mountaineers flocked to dances by the hundreds in many instances traveling considerable distances to hear bands led by Count Basie Duke Ellington Andy Kirk Jimmie Lunceford and Chick Webb among numerous others Indeed as one musician who toured the state would recall All the bands were goin to West Virginia The comparative prosperity of the coal miners thanks to New Deal industrial policies was what attracted the bands to the state This study discusses that prosperity as well as the larger political environment that provided black Mountaineers with a degree of autonomy not experienced further south Author Christopher Wilkinson demonstrates the importance of radio and the black press both in introducing this music and in keeping black West Virginians up to date with its latest developments The book explores connections between local entrepreneurs who staged the dances and the national management of the bands that played those engagements In analyzing black audiences aesthetic preferences the author reveals that many black West Virginians preferred dancing to a variety of music not just jazz Finally the book shows bands now associated almost exclusively with jazz were more than willing to satisfy those audience preferences with arrangements in other styles of dance music
