Big Bonanza:

The Big Bonanza Dan DeQuille,1983-08-01 **History of the Big Bonanza** Mark Twain, One easily gets a surface knowledge of any remote country through the writings of travelers The inner life of such a country is not very often presented to the reader The outside of a strange house is interesting but the people the life and the furniture inside are far more so Nevada is peculiarly a surface known country for no one has written of that land who had lived long there and made himself competent to furnish an inside view to the public I think the present volume supplies this defect in an eminently satisfactory way The writer of it has spent sixteen years in the heart of the silver mining region as one of the editors of the principal daily newspaper of Nevada he is thoroughly acquainted with his subject and wields a practiced pen He is a gentleman of character and reliability History of the Big Bonanza Dan De Quille,1876 **The Real History of the Big Bonanza** Alexander Del Mar,1878 **History of the big bonanza** Dan De Quille,2025-04-24 In History of the Big Bonanza Dan De Quille offers an insightful chronicle of the Comstock Lode one of the richest silver mines in American history De Quille s engaging narrative is characterized by a blend of factual rigor and vibrant storytelling effectively capturing the zeitgeist of mid 19th century America during the Gold Rush era The book expertly amalgamates personal anecdotes economic data and sociopolitical commentary providing readers with a multifaceted view of how the fabled bonanza influenced the settlement and development of the American West De Quille s unique approach allows for a thorough exploration of themes such as ambition greed and the impact of mining on frontier society Dan De Quille born in 1829 was not only a journalist but also a prominent figure in the Nevada mining community His firsthand experience with the mining industry and his role as a reporter in Virginia City provided him with both the context and the narrative depth required to articulate the intricacies of this transformative era De Quille was deeply invested in the stories of the local miners which adds an authentic voice to his historical account making the narrative both personal and expansive Recommended for both scholars and casual readers alike History of the Big Bonanza serves as an essential text for understanding the social and economic ramifications of mining in America De Quille s work provides valuable insights into the consequences of the gold and silver rush making it a must read for those interested in American history mining and the ever evolving narrative of the West **The Big Bonanza** Theodore Henry Hittell,1899 Year Book for ...
