## **Communicators Commentary:**

*Communicator's Commentary* Myron S. Augsburger, 1991-05      *The Communicator's Commentary* Mark D. Roberts, 1993

Ezra and Nehemiah address issues that make the front pages of our newspapers and they speak to the yearnings of our hearts This is why the author of this volume Dr Mark Roberts enthusiastically encourages Christian communicators to explore these somewhat obscure Old Testament texts For much the same reason the author believes modern pastors and Bible students can benefit from careful study in the often maligned book of Esther He emphasizes the book s contemporary relevance stating Esther encourages us to grapple with pressing moral issues in light of God s wisdom As a pastor with a passion for communicating God s truths to young people and to the unchurched in our world Dr Roberts shares his personal success in using the books of Ezra Nehemiah and Esther to address contemporary needs Not only is this commentary well written and carefully researched but as an added plus Dr Roberts deep faith and his dynamic relationship with Christ shine through every page As Dr Lloyd Ogilvie says in the editor s preface the author of this fine volume is vulnerable open and honest about how the Scriptures he explains have impacted his own life Marked by the excellence you have come to expect in the Communicator s Commentary series this latest volume wrestles with difficult questions such as the rightful place of Esther in the canon and the puzzling roles of Sheshbazzar and Zerubbabel provides a wide range of quotations and anecdotes from modern and classical sources to help us communicate God s message today and offers balance of exegetical historical and literary analysis along with penetrating applications of the truths reflected in these texts As communicators Dr Ogilvie says we all long for those magnificent moments in our preparation when we are gripped with an inspired insight into a passage of Scripture that prompts us to exclaim that will preach We are filled with excitement and enthusiasm to share what we ve discovered This is exactly what will happen as you study this commentary It is power packed and brimming over with new insight into familiar passages

**Prophetism from Scripture to Practice** Daniel Nii Aboagye Aryeh, 2025-12-12 This book critically examines the relationship between prophetic practices in the Bible and contemporary prophetism in African Christianity Pentecostalism continues to evolve across Africa with its beliefs and practices mimicking the older and well established Christian denominations along with the emergence of newer versions of prophetism or neo prophetism The contributions analyse the theological underpinnings of Pentecostal prophetism and evaluate prophets claims that their practices align with biblical precedents With careful exegesis of relevant biblical passages the book considers the degree to which modern prophetic practices comply with biblical stipulations It provides insights in particular from Ghana Nigeria and Haiti and will be of interest to scholars of African Christianity theology and biblical studies

**A Faith Worth Living** Chuck Queen, 2011-03-03 What does a Christianity constructed upon and pervaded by a theology of God s unconditional love look like Aimed at a wide audience A Faith Worth Living provides one portrait Chuck Queen weaves together biblical interpretations theological reflections and spiritual observations drawn from stories movies literature and

common life experiences in his argument for an inclusive Christianity In a simple though scholarly informed style he addresses Christians students of religion and spiritual seekers Key elements of the presentation include a transformative faith holistic and non dualistic God s dream for the world kingdom theology Jesus nonviolent atonement the church as a kingdom community universal salvation judgment and the cosmic Christ acceptance of other religious traditions and the dynamics of a radical discipleship to the way of Jesus

*Legal Issues in Global Contexts* Kirk St. Amant, Martine Rife, 2016-12-05 Today it has been said the world is flat as online media allow information to move easily from point to point across the earth International legal differences however are increasingly affecting the ease with which data and ideas can be shared across nations Copyright law for example affects the international flow of materials by stipulating who has the right to replicate or to share certain kinds of content Similarly perspectives on privacy rights can differ from nation to nation and affect how personal information is shared globally Moreover national laws can affect the exchange of ideas by stipulating the language in which information must be presented in different geopolitical regions Today s technical communicators need to understand how legal factors can affect communication practices if they wish to work effectively in global contexts This collection provides an overview of different legal aspects that technical communicators might encounter when creating materials or sharing information in international environments Through addressing topics ranging from privacy rights and information exchange to the legalities of business practices in virtual worlds and perspectives on authorship and ownership the contributors to this volume examine a variety of communication based legal issues that can cause problems or miscommunication in international interactions Reviewing such topics from different perspectives the authors collectively provide ideas that could serve as a foundation for creating best practices on or for engaging in future research in the area of legal issues in international settings

Communicator's Commentary New Testament Lloyd John Ogilvie, 1989-08-01 The Robert Hussein Case George J. Gatgounis, 2022-05-27 Of the many influential religious liberty cases with which the Rev Dr George Gatgounis Esq has been involved his work through the Rutherford Institute as counsel on the Robert Hussein case in Kuwait is certainly one of the most compelling Hussein was a Kuwaiti citizen sentenced to death by his government in the 1990s for converting to Christianity When efforts by his legal team and U S officials failed to overturn the sentence Hussein fled to America but eventually converted back to Islam and returned to Kuwait This thoroughly footnoted book provides unique insight into the Islamic legal system and how the United States might respond to it

we serve a God who wants to have a relationship with each of us God is the instigator and the provider of love and grace But first we must believe Him and receive His Son Jesus s forgiveness and salvation And we can only do this by His grace The Gospel of Matthew John Nolland,2005-11-01 Having devoted the past ten years of his life to research for this major new work John Nolland gives us a commentary on the Gospel of Matthew that engages with a notable range of Matthean scholarship and offers fresh interpretations of the dominant Gospel in the history of the church Without neglecting the Gospel s sources or historical background Nolland places his central focus on the content and method of Matthew s story His work explores Matthew s narrative technique and the inner logic of the unfolding text giving full weight to the Jewish character of the book and its differences from Mark s presentation of parallel material While finding it unlikely that the apostle Matthew himself composed the book Nolland does argue that Matthew s Gospel reflects the historical ministry of Jesus with considerable accuracy and he brings to the table new evidence for an early date of composition Including accurate translations based on the latest Greek text detailed verse by verse comments thorough bibliographies for each section and an array of insightful critical approaches Nolland s Gospel of Matthew will stimulate students preachers and scholars seeking to understand more fully Matthew s presentation of the gospel narrative **Congressional Record** United States.
