Draconian Measures:

Draconian Measures Don Perrin, Margaret Weis, 2012-01-03 The regiment of draconian engineers featured in The Doom Brigade seek a safe haven for their precious cargo of young draconians All they have to do is stay alive Surely that shouldn't be too hard But Commander Kang puzzles over a sinister mystery Why are some of his men vanishing Kang will have to use draconian measures to defeat his foes and save his race They'd better be enough the fate of his entire race hangs in the balance

Encyclopedia of Soviet Life Ilya Zemtsov, A by product of the amazing changes now taking place within the Soviet Union is a change in rhetoric no less than reality Under Gorbachev the Russian language has been changing parallel with *novoe politichaskoe myshenie* new political thinking with the effect that such new expressions as have flooded the Russian language clash with the less yielding realities of Soviet economy and society The purpose of this volume is to clarify this dynamic in Soviet life in which stagnation and decay confront hopes and expectations for liberalization Zemtsov argues that the Soviet political language is self contradictory fractured into polarities of good and evil and thus depriving the Russian language of its basic subtlety coherence and inner logic This work brings to life the Orwellian world of double speak in a post totalitarian environment The Soviet language has two basic components fictions which Communist ideology proclaims as reality and realities that are portrayed in the guise of fictions In this sense Zemtsov undertakes to do for the Soviet language what the great H L Mencken achieved for the American language show the reality of Soviet life by making plain the fictive qualities of Soviet ideology This is a basic library reference work a volume of indispensable utility for political scientists area experts and policy analysts It offers a taxonomy enriched by a deep personal knowledge of the Russian language by its author *Encyclopedia of Soviet Life* is at one and the same time a basic primer of Soviet contemporary politics a deep portrait of the psychology of totalitarian manipulation and a sensitive appreciation of the nobler aspirations of the Russian people that is part and parcel of their great language

African Migrations Abdoulaye Kane, Todd Holzgrefe Leedy, 2013 Spurred by major changes in the world economy and in local ecology the contemporary migration of Africans both within the continent and to various destinations in Europe and North America has seriously affected thousands of lives and livelihoods The contributors to this volume reflecting a variety of disciplinary perspectives examine the causes and consequences of this new migration The essays cover topics such as rural urban migration into African cities transnational migration and the experience of immigrants abroad as well as the issues surrounding migrant identity and how Africans re create community and strive to maintain ethnic gender national and religious ties to their former homes

Terrorism Paradigm shift Dr. Lalith Kumar Dharavath, 2025-05-01 *Capitalism and Economic Crime in Africa* Jörg Wiegratz, 2024-06-21 This book offers a comprehensive analysis of economic crimes and market irregularities including matters of trickery parallel economy illicit trade economies of violence and criminalisation of the poor in neoliberal Africa It investigates economic crime as a phenomenon of neoliberal reform and transformation and it unpacks crime as a societal and

particularly as a political economic phenomenon under capitalism The book brings together a collection of research articles briefings and updated blog posts that were published over a period of nearly 40 years 1986 2023 in the acclaimed journal Review of African Political Economy ROAPE and on its website roape.net Featuring contributions from leading experts in the field including a foreword by Yusuf K Serunkuma and an afterword by Laureen Snider this volume explores what these crimes have to do with and can tell us about state business relations regulation capitalist transformation and the corporation on the continent shedding light on the co production of the crimes by a range of actors from the realms of business politics state and international development including major reform advocates such as international financial institutions IFIs and other donors It responds to the imperative to advance the analysis of the link between capitalism and crime in Africa and to locate capitalism more centrally in the analysis of economic crimes as more African countries move from being societies with capitalism to capitalist societies Illustrating the relevance of African countries to debates in criminology corporate crime state crime crimes of the powerful and illegality this volume engages with and mobilises a variety of literatures to analyse economic crimes as phenomena of global and local capitalism and provides readers from academia government business media civil society and education a striking source of information and analysis

Beyond Capitalist Dystopia Davor Džalto, 2022-07-01 This provocative book interrogates the ideology of capitalism as the default narrative underpinning various mainstream ideologies in the contemporary world The book explores the genesis structure and functioning of this ideological narrative provides its critical assessment and outlines a possible alternative beyond the logic of capitalism and toward a truly free and democratic society The book takes a broad view of the major global challenges including the COVID 19 pandemic and persuasively argue that in order to resolve any of the major global problems from the ongoing ecological crisis to economic and geopolitical issues we need to confront the capitalist system To unpack the logic of contemporary capitalist ideology and the way it structures our inter personal and political relations the book gives an analysis of the end of ideology narrative and offers a critical assessment of the ideas behind the widely used but fundamentally flawed concept of Liberal democracy The book revisits metaphysical foundations behind the ideology of capitalism exposing their secular religious dimension and their immanent oppressiveness Based on this deconstruction of the metaphysical foundations implicit in Neo Liberalism and capitalism the book offers a way in which alternative metaphysical foundations can be constructed to allow for different socio political and economic models that would be based on a radical affirmation of freedom and democracy as well as human responsibility for the natural environment Beyond Capitalist Dystopia Reclaiming Freedom and Democracy in the Age of Global Crises will be of great interest to anyone searching for alternatives to the pervasive ideology of capitalism as well as students and researchers active in various fields in the humanities and social sciences [Plagues, Pandemics and Viruses](#) Heather E. Quinlan, 2020-11-01 Pandemics can come in waves like tidal waves They change societies They disrupt life They end lives As far back as 3000 B C E the Bronze Age plagues have stricken mankind COVID 19 is just

the latest example but history shows that life continues It shows that knowledge and social cooperation can save lives Viruses are neither alive nor dead and are the closest thing we have to zombies Their only known function is to replicate themselves which can have devastating consequences on their hosts Most but not all bacteria are good for us Some are truly horrific including those that caused the bubonic pneumonic and septicemic plagues And viruses and bacteria are always morphing evolving and changing making them hard to treat Plagues Pandemics and Viruses From the Plague of Athens to Covid 19 is an enlightening and sometimes frightening recounting of the destruction wrought by disease but it also looks at what man has done and can do to overcome even the deadliest and bleakest of contagions More than two years in the making author Heather E Quinlan was deep into her research and writing when COVID hit She quickly saw the similarities to plagues from the past Plagues Pandemics and Viruses From the Plague of Athens to Covid 19 not only covers the history causes medical treatments human responses and aftermath of the world s biggest pandemics but it also draws parallels to the present It chronicles the diseases that have inflicted man throughout the millennia including The differences and similarities between COVID 19 and other coronaviruses The bubonic plague black plague which wiped out 30% to 60% of Europe s population The devastation to the indigenous population during the European colonization of the Americas The 1918 Spanish Flu which did not come from Spain How disease inspired The Canterbury Tales Wuthering Heights the pop art of Keith Haring and other art and literature AIDS patient zero How climate change will affect future pandemics The aftermath of various pandemics Several modern diseases making a comeback and much much more Along with investigating some of history s most notorious pandemics and diseases Plagues Pandemics and Viruses takes a look at human resilience and what we ve learned from the past It looks at how science the medical community and governments have conquered or mitigated most epidemics even before they can turn into pandemics It reviews the science of pandemics preventative measures and medical interventions and it includes an exclusive interview with Dr Anthony S Fauci director of the National Institute of Allergy and Infectious Diseases as well as other experts in the medical community Richly illustrated it also has a helpful bibliography and extensive index This invaluable resource is designed to help you understand and protect you from plagues pandemics epidemics viruses and disease
