## **Drafting Legal Skills Series:**

**A Practical Guide to Lawyering Skills** Fiona Boyle, Deval Capps, 2013-10-18 Lawyering skills are increasingly part of undergraduate law degrees as well as essential elements in the postgraduate vocational law courses the LPC and the BVC. This fully updated third edition continues to bring together the theory and practice of these skills in an accessible and practical context. The authors draw on their vast experience of law in practice to develop the core skills taught on both undergraduate and postgraduate courses. Skills covered include written communication, mediation, information technology, opinion writing, drafting, advocacy, interviewing, negotiation, legal research. Each chapter uses diagrams, boxes, lists, and flow charts to further explain and develop each skill and ends with a further reading section. **A Practical Guide to Lawyering Skills** is essential reading for all undergraduate and vocational law students seeking to develop the necessary skills to work successfully with law in the twenty-first century.

**Practical Guide to Lawyering Skills** Fiona Boyle, 2003 This guide places the theory and practice of lawyering skills in an accessible and practical context. The book looks at how skills are taught and assessed both on undergraduate and vocational courses and helps students to see skills as an integral element of law.

**Drafting** Elmer Doonan, 2001-02-26 First published in 2001. Routledge is an imprint of Taylor & Francis, an informa company.

**Legal Drafting** Susan L. Brody, 1994 This dynamic paperback text presents a highly effective, classroom-tested process for legal drafting. Prepared with this practical strategy, your students will move beyond merely filling in the blanks to create the customized documents clients need and adapt preexisting forms to new uses. Divided into two parts, the text first introduces the process approach to legal drafting before applying that approach to particular types of documents. This two-part organization easily adapts to your specific course needs and gives you great flexibility in choosing and combining chapters. The book's seven chapters cover an introduction to legal drafting, the process of legal drafting, careful writing and drafting, estate planning, contracts, pleadings, and legislation. In addition, numerous examples, illustrations, and exercises in every chapter reinforce the skills your students need to draft provisions from scratch, edit existing provisions, and create entirely new documents. Each substantive chapter concludes with a document annotated with editorial comments that illustrates the drafting process.

**EASYUNI Ultimate University Guide 2014** easyuni sdn bhd, 2015-04-21 In this issue, we've covered hot technology fields like robotics and 3D printing, as well as giving you a peek at what we feel may be the top 20 jobs in the future.
