Dragon Rigger Jeffrey A. Carver, 2015-08-06 A realm at war The star dragons struggle under the oppression of an unseen foe a creature of terrible power who seeks to shape all of space time into a web of subjugation and death The Dream Mountain source of knowledge and life to the dragons is held by the enemy and yet hope burns in the dragons hearts According to ancient prophecy One will come from outside to challenge the darkness Star pilot Jael LeBrae may be that savior Once before she aided the dragons in their struggle and now she must return to face at last the terrible wrath of Tar skel But if the prophecy holds true the price of victory over the darkness will be Jael's own life Captivating sequel to *Dragons in the Stars* *Dragon Rigger* is science fiction with mythic dimension from the Nebula nominated author of *Eternity's End* and *The Chaos Chronicles* REVIEWS *Dragon Rigger* is a most excellent adventure that would make a grand movie if it were not that the special effects budget would surely be quite brutal even in this age of computer animation If there is a motto for this novel it is *solidarnosc* solidarity the power to be gained by sticking with one's friends even by sacrificing for the good of others there is immense verve energy momentum and power the reader stays with Carver all the way Thomas A Easton Analog A refreshingly unique setting and excellently realized characters Publishers Weekly
