## **Dragon Quartet:**

The Dragon Quartet M. Bradley Kellogg, 2005 With the publication of *The Book of Earth* Kellogg launched a unique fantasy series that introduced four elemental dragons who were supposed to sleep after creating the World until World's End. However, one by one they awaken. This volume contains the first two books of Kellogg's quartet. Original **The Dragon**

**Quartet** M. Bradley Kellogg, 2006 Dragons Earth and Water and their human companions go up against Fire who has chosen to become a god instead of a guardian and search for Air who has disappeared as the World teeters on the edge of extinction.

*The Book of Air* Marjorie B. Kellogg, 2003-11-04 The thrilling conclusion to the adventures of the four elemental dragons and their human guides, the fourth and final book of the history spanning Dragon Quartet fantasy series. In the fourth novel of this popular tetralogy Marjorie B. Kellogg brings together the four elemental dragons and their human companions in a desperate quest to free Air from her as yet undiscovered prison and stop Fire before his devastating reign destroys the world.

**Book of Fire** M. Bradley Kellogg, **First Contact** Bonnie Kunzel, Suzanne Manczuk, 2001 This beginning reader's advisory book helps librarians guide young readers to science fiction and fantasy titles. Entries describe titles and list sequels and related books by the same author. Entries are in topical sections such as alien contact, dragons, biotechnology, and postapocalypse. Classics as well as current titles popular with both younger and older teens are included in each category. Kunzel is a teen specialist at Princeton Public Library and is vice president of the Young Adult Library Services Association of the American Library Association. Manczuk teaches in the School of Communication, Information, and Library Studies at Rutgers University.

**The Dragon Quartet, Volume II** M. Bradley Kellogg, 2006 In *The Book of Fire* and *The Book of Air*, the final two novels of *The Dragon Quartet* series, dragons Earth and Water and their human companions go up against Fire who has chosen to become a god instead of a guardian and search for Air who has disappeared as the World teeters on the edge of extinction. **Eurojazzland** Luca Cerchiari, Laurent Cugny, Franz Kerschbaumer, 2012-07-10 The

critical role of Europe in the music personalities and analysis of jazz. **Book Of Fire** Marjorie B. Kellogg, 2000-07-01 Follow the adventures of the four elemental dragons and their human guides in the third book of the history spanning Dragon Quartet fantasy series. A desperate call had united the dragons Earth and Water with their dragon guides, the girl named Erde who had discovered Earth in the war-ravaged principalities of 913 AD Germany and the boy N Doch who found Water on the African coast in the year 2013. Together they braved the dangers of both their times only to find themselves drawn to a future beyond even N Doch's own to a devastated America where the dragon Fire reigned in all his terrifying magnificence with his dragon guide Paia transformed into his high priestess, her true destiny concealed from her. Yet it was not Fire who had summoned his brother and sister dragons. The Call had come from another, and the reason for the summons was all too clear. Fire had chosen to become a god instead of a guardian, and the dragon Air was nowhere to be found. Could Earth and Water with Erde and N Doch force Fire and Paia back on the path they were fated to follow? Could they find and rescue Air? Or would
