## **Dream Of X:**

Dream, Death, and the Self J. J. Valberg, 2018-06-26 Might this be a dream In this book distinguished philosopher J J Valberg approaches the familiar question about dream and reality by seeking to identify its subject matter what is it that would be the dream if this were a dream It turns out to be a subject matter that contains the whole of the world space and time but which like consciousness for Sartre is nothing in itself This subject matter the personal horizon lies at the heart of the main topics the first person the self and the self in time explored at length in the book The personal horizon is Valberg contends the subject matter whose center each of us occupies and which for each of us ceases with death This ceasing to be presents itself solipsistically not just as the end of everything for me but as the end of everything absolutely Yet since it is the same for everyone this cannot be Death thus confronts us with an impossible fact something that cannot be but will be The puzzle about death is one of several extraphilosophical puzzles about the self that Valberg discusses puzzles that can trouble everyday consciousness without any contribution from philosophy Nor can philosophy resolve the puzzles Its task is to get to the bottom of them and in this respect to understand ourselves a task philosophy has always set itself **Dreams** Robert J. *Space, Time, and Presence in the Icon* Clemena Antonova,2016-03-09 This book contributes to the re emerging field of theology through the arts by proposing a way of approaching one of the most challenging theological concepts divine timelessness through the principle of construction of space in the icon One of the main objectives of this book is to discuss critically the implications of reverse perspective which is especially characteristic of Byzantine and Byzantining art Drawing on the work of Pavel Florensky one of the foremost Russian religious philosophers at the beginning of the 20th century Antonova shows that Florensky s concept of supplementary planes can be used productively within a new approach to the question Antonova works up new criteria for the understanding of how space and time can be handled in a way that does not reverse standard linear perspective as conventionally claimed but acts in its own way to create eternalised images which are not involved with perspective at all Arguing that the structure of the icon is determined by a conception of God who exists in past present and future simultaneously Antonova develops an iconography of images done in the Byzantine style both in the East and in the West which is truer to their own cultural context than is generally provided for by western interpretations This book draws upon philosophy theology and liturgy to see how relatively abstract notions of a deity beyond time and space enter images made by painters **Virtual Subjects, Fugitive Selves** Jonardon Ganeri,2021 This book explores philosophical themes to do with self and subjectivity from the work of the Portuguese writer Fernando Pessoa best known for the uncategorizable collection of fragmentary writings in various personae published as *The Book of Disquiet* in 1982 forty seven years after the author s death **The Hampton Magazine** ,1912 **To Write Is to Breathe** Sequoia Sinclair,2013-05-13 I cried today So my smile can be pure The innocent liquid Caressing my problems Taking them Relieving me of my sorrows Turning them to joy I lay cradled At this hand of life 〇〇〇 〇〇〇,2006 *Annual Report* ,1889 The Works of Alfred Lord Tennyson, Poet Laureate Alfred Tennyson Baron Tennyson,1894 **The Calcutta Journal of Medicine** Amrita Lal Sircar,1873 **The Gladiolus Review** ,1928 Gladiolus Review ,1929 **McClure's Magazine ...** ,1912 **The Mechanism of Man** Edward William Cox,1879 **The Australasian Journal of Psychology and Philosophy** ,1926 **The Universal Anthology** Richard Garnett,1899
