Shortly after we set up shop the four of us and our wives convened at Arthur s home on Long Island to celebrate It was a festive occasion and we all openly shared our aspirations To this day I remember the others stressing over and over their desire to become wealthy Given that Joanie and I were raising two toddlers and lived nearly hand to mouth the talk was certainly seductive Still what I remember most from that dinner was my declaration that the money should be secondary what mattered more to me was to build a great firm one that would lead the industry employ lots of people endure over many years and importantly command respect Over the next forty three years I never altered my priorities The Real Deal The Sandy Weill story is truly one for the ages Starting with 30 000 in borrowed cash in 1960 and relying on uncanny entrepreneurial instincts Sandy created one of the leading securities firms in the U S and became one of the best known businessmen in the world After selling his company to American Express and becoming its president he experienced a professional setback Undaunted he cannily parlayed it into a second career starting over with a sleepy consumer loan company called Commercial Credit which over the next seventeen years he transformed into the leading global bank Citigroup During this span Weill as chairman and CEO delivered an astounding 2 600 percent return to investors better than legendary CEO Jack Welch or investor Warren Buffett during that same period Yet success is never an easy path and Weill divulges the highs and lows His ascent to power has been documented by the media over the years but never before has Weill revealed the brutally honest and unvarnished side of an astonishing life and career And Weill goes further sharing his love of philanthropy a journey that took him from a mediocre bass drummer in my high school marching band to the chairmanship of Carnegie Hall He brings readers into his personal life introducing them to his wife Joan his daily inspiration and discussing his relationships with competitors and colleagues alike including proteges like Peter Cohen and Jamie Dimon Along the way he shares the most important lessons he learned in business and in life From a middle class Brooklyn childhood to corporate legend philanthropist financier and chairman emeritus of Citigroup Inc The Real Deal tells a remarkable story that of a financial superstar who always loved the game more than the gold *The Christian Work and the Evangelist* ,1910 **Transactions and Proceedings** Royal Society of New Zealand,1926 Includes proceedings of member institutes of the Society and of the Society s Science Congress
