

A man and a woman are shown in profile, leaning towards each other in a close embrace. They are positioned in the upper half of the frame, with their faces partially obscured by a soft, hazy light. Below them, the title "ADRIFT" is written in large, bold, black capital letters. In the lower half of the frame, a small, blue inflatable boat is seen on a vast, blue ocean. A person is standing on the boat, looking out towards the horizon. The overall scene is set against a bright, overcast sky, creating a sense of isolation and hope.

Arthur,2015-07-12 Excerpt from *Cast Adrift* In this romance of real life in which the truth is stranger than the fiction I have
lifted only in part the veil that hides the victims of intemperance and other terrible vices after they have fallen to the lower
deeps of degradation to be found in our large cities where the vile and degraded herd together more like wild beasts than
men and women and told the story of sorrow suffering crime and debasement as they really exist in Christian America with
all the earnestness and power that in me lies Strange and sad and terrible as are some of the scenes from which I have
drawn this veil I have not told the half of what exists My book apart from the thread of fiction that runs through its pages is
but a series of photographs from real life and is less a work of the imagination than a record of facts About the Publisher

G Nuttall,2021-04-10 Five hundred years ago the human race discovered it was not alone in the universe when Earth was
invaded and forcibly integrated by the Alphan Empire Over the years humans have grown used to their position within the
empire serving as soldiers and spacers for alien masters as well as building a place in the universe for themselves But now in
the aftermath of a violent interstellar war that shattered the power of the Alphans humanity has rediscovered its pride

Humanity wants to be free Facing a war they will lose even if they win the Alphans give humanity its independence once again Humanity stands alone in a hostile universe facing alien threats that regard humans as nothing more than servants or weaklings easy meat for armed conquest And if the human race cannot learn to stand on its own two feet without its masters it will rapidly discover that it has traded one set of masters for another And if they lose the coming war all hope of independence will die with it
