

Student Practice # 1 - Study Guide – Modified from Ch 26 Sect 1 & 2 of AGS Textbook

Directions: Use the text to answer the questions below.

The 1930s brought **crisis**, or danger, to the whole world. Once again, the countries of Europe stood ready to fight. In Chapter 23, you learned that nationalism, imperialism, and militarism caused World War I. They also led to World War II.

Why Did Nationalism Lead to War?

Italy's Mussolini and Germany's Hitler were nationalists. So were the military leaders of Japan. Mussolini promised to make Italy as great as the Roman Empire. Hitler called the German people the "master race." He preached that all other people were inferior. Italy, Germany, and Japan thought that they were superior. They believed that they had the right to rule all the inferior people in the world.

Why Did Imperialism Lead to War?

These three countries were also imperialistic. They wanted to take over the land and resources of other countries. Japan tried to create a new empire. Italy expanded into Africa and tried to make the Mediterranean Sea into an "Italian lake." Germany annexed Austria and Czechoslovakia.

Why Did Militarism Lead to War?

Italy, Germany, and Japan tried to form a military **axis** around which the world would turn. An axis is a make-believe line that goes through the middle of an object. The object spins on the axis. For this reason, historians called the three nations the **Axis Powers**.

Why didn't the League of Nations prevent WWII?

The failure of the League of Nations was a cause of World War II. The League was never strong. Its more powerful members refused to cooperate. It had little power to use against countries that broke its rules. The United States never joined the League. Germany and Japan dropped out in 1933. Italy left it in 1936. The League expelled Russia in 1939.

All of these set the stage for World War II.
