The Idea of the Book in the Middle Ages Jesse Gellrich,2019-03-15 This book assess the relationship of literature to various other cultural forms in the Middle Ages Jesse M Gellrich uses the insights of such thinkers as Levi Strauss Foucault Barthes and Derrida to explore the continuity of medieval ideas about speaking writing and texts *Chaucer and Middle English Studies* Beryl Rowland,2019-09-18 Originally published in 1974 The thirty six essays of this book were written and assembled in hour of an internationally recognised scholar of medieval literature Written by a diverse range of contributors the chapters cover not only various studies of aspects of Chaucer s poetry but also some other medieval authors and investigations about the period particularly referencing carols and hymns **Middle English Romance and the Craft of Memory** Jamie McKinstry,2015 An examination of the depiction and function of memory in a variety of romances including Troilus and Criseyde and Sir Gawain and the Green Knight Dictionary Catalogue of the Library of the Pontifical Institute of Mediaeval Studies, Toronto, Canada: A-Church F Pontifical Institute of Mediaeval Studies. Library,1972 *The Riverside Chaucer* Geoffrey Chaucer,Larry Dean Benson,2008 The third edition of the definitive collection of Chaucer s Complete Works reissued with a new foreword by Christopher Cannon Since F N Robinson s second edition of the The Works of Geoffrey Chaucer was published in 1957 there has been a dramatic increase in Chaucer scholarship This has not only enriched our understanding of Chaucer s art but has also enabled scholars working for the first time with all thesource material to recreate Chaucer s authentic texts For the third edition an international team of experts completely re edited all the works added glosses to appear on the page with the text andgreatly expanded the introductory material explanatory notes textual notes bibliography and glossary In short the Riverside Chaucer is the fruit of many years study the most authentic and exciting edition available of Chaucer s Complete Works *Political Allegory in Late Medieval England* Ann W. Astell,1999 Ann W Astell here affords a radically new understanding of the rhetorical nature of allegorical poetry in the late Middle Ages She shows that major English writers of that era among them William Langland John Gower Geoffrey Chaucer and the Gawain poet offered in their works of fiction timely commentary on current events and public issues Poems previously regarded as only vaguely political in their subject matter are seen by Astell to be highly detailed and specific in their veiled historical references implied audiences and admonitions Astell begins by describing the Augustinian and Boethian rhetorical principles involved in the invention of allegory She then compares literary and historical treatments of key events in fourteenth and fifteenth century England finding an astonishing match of allusions and code words especially those deriving from puns titles heraldic devices and personal cognizances as well as repeated proverbs prophecies and exempla Among the works she discusses are John Ball s Letters and parts of Piers Plowman which she presents as two examples of allegorical literature associated with the Peasants Revolution of 1381 Gower s allegorical representation of the Merciless Parliament of 1388 in *Confessio Amantis* and Chaucer s brilliant literary handling of key events in the reign of

Richard II In addition Astell argues for a precise dating of Sir Gawain and the Green Knight between 1397 and 1399 and decodes the work as a political allegory **English Manuscript Studies, 1100-1700** Peter Beal, Jeremy Griffiths, 1995 This annual periodical offers contributions which address the importance of manuscript studies in the interdisciplinary investigation of medieval and renaissance art literature and history **Representation of Women in Classical, Medieval and Renaissance Texts** Maria C. Pastore Passaro, 2005 This work explores the discussion of the idealization of women in medieval and Renaissance texts This book has three main goals to show textual connections between literary masterpieces and thus delineate a literary history from within the texts in order to show how authors consciously or unconsciously interact with one another regardless of time and boundaries to present biographical and autobiographical heroines their work and legacy and finally to grasp man's imaginary world of women **Studies in the Age of Chaucer** David Matthews, 2011-01-17 Studies in the Age of Chaucer is the annual yearbook of the New Chaucer Society publishing articles on the writing of Chaucer and his contemporaries their antecedents and successors and their intellectual and social contexts More generally articles explore the culture and writing of later medieval Britain 1200 1500 Each SAC volume also includes an annotated bibliography and reviews of Chaucer related publications **Yearbook of English Studies**, 1989 **The Lamb and the Elephant** John M.
