Dallas, 2000 *Physics-Based Vision: Principles and Practice* Lawrence B. Wolff, Steven A. Shafer, Glenn E. Healey, 1993-01-02 Commentaries by the editors to this comprehensive anthology in the area of physics based vision put the papers in perspective and guide the reader to a thorough understanding of the basics of the field Paper Topics Include Shape from Shading Photometric Stereo Shape Recovery from Specular Reflection Shape Recovery from Interreflection Shape Recovery from Shadows Radiometric Analysis of Stereo and Motion Physics Based Sensor Fusion **Vision, Mental Imagery and the Christian Life** Zoltán Dörnyei, 2019-07-03 This book uniquely explores how the notion of vision is presented in modern science and the Bible and how it can be applied to contemporary Christian contexts The word vision our ability to see has been described by an increasing body of scholarship in the social sciences as our capacity for mental imagery and imagination As such this unique cognitive capability has been utilised in many fields for a variety of purposes from arts and psychotherapy to politics and business management and even for performance enhancement in sports The current book argues that a better understanding of vision can have far reaching practical implications for Christian life and ministry by helping people to align themselves with God's specific purposes After a theoretical overview that integrates scientific and theological insights the final chapters present a variety of strategies that can help believers to discern God's call through the use of mental imagery and then to develop and cultivate the perceived vision The book examines the scientific and biblical principles of vision in a comprehensive manner with a special emphasis on the practical implications of the issue As such it will be of great interest to scholars of Theology Biblical Studies and Church Growth Leadership as well as Organisational Behaviour Business Management and Psychology **Paused in Cosmic Reflection** The Chemical Brothers, 2023-10-26 A ROUGH TRADE BOOK OF THE YEAR 2023 Paused in Cosmic Reflection is the definitive story of The Chemical Brothers Told in the voices of Tom Rowlands and Ed Simons with contributions from friends and collaborators it is fully illustrated with 30 years of mind bending visuals **Texas Vision** Richard R. Janina Maria Hiebel, 2015-06-16 Ezekiel is one of the best structured books in the Old Testament It is commonly recognized that the strongly interrelated vision accounts Ez 1 1 3 15 8 11 37 1 14 40 48 contribute greatly to this impression of unity However there is a marked lacuna in publications focusing on the vision accounts in Ezekiel as an interconnected text corpus The present study combines redaction critical analysis with literary methods that are typically used in a synchronic approach Drawing on the paradigm of Fortschreibung it is the first to present a united redaction history that takes into account the growing interconnections and dependencies between the vision accounts Building on these results the second part follows the development of selected themes such as the relationships between characters the roles of intermediate figures and anthropological and theological implications throughout the stages of redaction The study thus represents an important step towards an understanding of the complex redaction history of the book of Ezekiel and indeed of its theology The combination of diachronic and synchronic methods makes it relevant for scholars of both directions and is itself a methodological statement
