## **Dam Busters:**

Dam Busters James Holland,2013-11-04 The story of the British made bombs Upkeep and Highball successfully dropped on Nazi dams has never been told in such depth before Daily Mail UK The night of May 16 1943 Nineteen specially adapted Lancaster bombers take off from an RAF airfield in Lincolnshire England each with a huge nine thousand pound cylindrical bomb strapped underneath it Their mission to destroy three hydroelectric dams that power the Third Reich s war machine It was a suicide mission from the outset First the men had to fly extremely low at night and in tight formation over miles of enemy occupied territory Then they had to drop with pinpoint precision a complicated spinning cylindrical bomb that had never before been used operationally More than that the entire operation had to be put together in less than ten weeks in order to hit the dams when water levels were still high enough for the bombs to be effective The visionary aviation engineer Barnes Wallis hadn t even drawn up plans for his concept when the bouncing bomb was green lighted What followed was an incredible race against time that despite numerous setbacks became one of the most successful and significant bombing raids of all time Holland has delved into the new trove of declassified documents to shed light on this weapons program the politics of its development and the eventual mission The Wall Street Journal An impeccably researched work in the style of a fast paced techno thriller Publishers Weekly Extremely detailed but never dull Holland offers a definitive nuts and bolts history Kirkus Reviews A well written study of engineering and invention operating under great pressure For all World War II history buffs Library Journal starred review *The Dam Busters* Martin W. Bowman,2013-04-15 Martin Bowman tells the story of the Dam Busters using period images some rarely published as well as contemporary views **The Dam Busters** W. B. Bartlett,2011-10-15 The story of the legendary bouncing bomb attack on Germany s dams **The Dam Busters** Stephen Flower,2013-04-15 Stephen Flower narrates the operational history of the bombs of Barnes Wallis from the Dam Buster to the Grand Slam from the Ruhr dams to the Tirpitz **The Dam Busters** Jonathan Falconer,2003 With a foreword by Richard Todd who played the role of Wing Commander Cuy Gibson in the Dam Busters film this is a gripping account of one of the best known and most widely told stories of the Second World War **The Complete Dambusters** Charles Foster,2018-05-08 On 16 May 1943 nineteen Lancaster aircraft from the RAF s 617 Squadron set off to attack the great dams in the industrial heart of Germany Flying at a height of 60ft they dropped a series of bombs which bounced across the water and destroyed two of their targets thereby creating a legend The one off operation combined an audacious method of attack technically brilliant flying and visually spectacular results But while the story of Operation Chastise is well known most of the 133 Dambusters who took part in the Dams Raid have until now been just names on a list They came from all parts of the UK and the Commonwealth and beyond and each of them was someone s son or brother someone s husband or father This is the first book to present their individual stories and celebrate their skill heroism and for many sacrifice **Bomber Boys on Screen** S. P. MacKenzie,2019-08-08 Since the Second World War depictions of Royal Air Force operations in film and

television drama have become so numerous that they make up a genre worthy of scholarly attention In this illuminating study S P MacKenzie explores the different ways in which the men of RAF Bomber Command have been represented in dramatic form on the big and small screen from the war years to the present day Bomber Boys on Screen is the first in depth study of how and why the screen drama image of those who flew those who directed them and those who provided support for RAF bomber operations has changed over time sometimes in contested circumstances Until now dramas that focus on Bomber Command have tended to be mentioned only in passing or studied in isolation despite the prevalence of surveys of both the British war film genre and of aviation cinema In Bomber Boys on Screen MacKenzie examines the development presentation and reception of significant dramas on a decade by decade basis Titles from the beginning of the war The Lion Has Wings 1939 to the start of new century Bomber s Moon 2014 are situated in the context of technical possibilities and limitations evolving social and cultural norms in the United Kingdom and elsewhere and the development of moral and utilitarian controversies surrounding the wartime bomber offensive directed against Nazi Germany While the focus is on feature films and television plays reference is also made to documentaries memorials veterans organizations book titles war comics and other representations of the war fought by Bomber Command The Men Who Breached the Dams Alan W.
