Dance Eagle To Sleep:

Dance the Eagle to Sleep Marge Piercy, 1993 *Dance the Eagle to Sleep* James Reich, 1984 **Dance the Eagle to Sleep** Professor Marge Piercy, 1988-10-01 They called themselves the Indians Shawn a magnetic rock star Corey part Indian whose heritage gave the movement its name Billy a brilliant scientist and Joanna an Army brat Through these young revolutionaries an all too possible future was coming into frightening focus **Dance the Eagle to Sleep** Marge Piercy, 2011-12-30 Originally published in 1970 Marge Piercy's second novel follows the lives of four teenagers in a near future society as they rebel against a military draft and the system The occupation of Franklin High School begins and with it the open rebellion of America's youth against their channeled unrewarding lives and the self-serving plastic society that directs them From the disillusionment and alienation of the young at the center of the revolt to their attempts to build a visionary new society the nationwide following they gain and the brutally complete repression that inevitably follows this is a future fiction without a drop of fantasy As driving violent and nuanced today as it was 40 years ago this anniversary edition includes a new introduction by the author reflecting unapologetically on the novel and the times from which it emerged

West of Eden Iain Boal, Janferie Stone, Michael Watts, Cal Winslow, 2012-04-01 In the shadow of the Vietnam War a significant part of an entire generation refused their assigned roles in the American century Some took their revolutionary politics to the streets others decided simply to turn away seeking to build another world together outside the state and the market *West of Eden* charts the remarkable flowering of communalism in the 1960s and 70s fueled by a radical rejection of the Cold War corporate deal utopian visions of a peaceful green planet the new technologies of sound and light and the ancient arts of ecstatic release The book focuses on the San Francisco Bay Area and its hinterlands which have long been creative spaces for social experiment Haight Ashbury's gift economy its free clinic concerts and street theatre and Berkeley's liberated zones Sproul Plaza Telegraph Avenue and People's Park were embedded in a wider network of producer and consumer co-ops food conspiracies and collective schemes Using memoir and flashbacks oral history and archival sources *West of Eden* explores the deep historical roots and the enduring though often disavowed legacies of the extraordinary pulse of radical energies that generated forms of collective life beyond the nuclear family and the world of private consumption including the contradictions evident in such figures as the guru predator or the hippie entrepreneur There are vivid portraits of life on the rural communes of Mendocino and Sonoma and essays on the Black Panther communal households in Oakland the latter day Diggers of San Francisco the Native American occupation of Alcatraz the pioneers of live work space for artists and the Bucky dome as the iconic architectural form of the sixties Due to the prevailing amnesia partly imposed by official narratives partly self-imposed in the aftermath of defeat *West of Eden* is not only a necessary act of reclamation helping to record the unwritten stories of the motley generation of communards and antinomians now passing but is also intended as an offering to the coming generation who will find here in the rubble of the twentieth century a past they can use indeed one

they will need in the passage from the privations of commodity capitalism to an ample life in common *23 Shades of Black*
Kenneth Wishnia,2012-06-01 *23 Shades of Black* is socially conscious crime fiction It takes place in New York City in the early 1980s i e the Reagan years and was written partly in response to the reactionary discourse of the time when the current thirty year assault on the rights of working people began in earnest and the divide between rich and poor deepened with the blessing of the political and corporate elites But it is not a political tract it s a kick ass novel that was nominated for the Edgar and the Anthony Awards and made Booklist s Best First Mysteries of the Year The heroine Filomena Buscarsela is an immigrant who experienced tremendous poverty and injustice in her native Ecuador and who grew up determined to devote her life to helping others She tells us that she really should have been a priest but since that avenue was closed to her she chose to become a cop instead The problem is that as one of the first Latinas on the NYPD she is not just a woman in a man s world she is a woman of color in a white man s world And it s hell Filomena is mistreated and betrayed by her fellow officers which leads her to pursue a case independently in the hopes of being promoted to detective for the Rape Crisis Unit Along the way she is required to enforce unjust drug laws that she disagrees with and to betray her own community which ostracizes her as a result in an undercover operation to round up undocumented immigrants Several scenes are set in the East Village art and punk rock scene of the time and the murder case eventually turns into an investigation of corporate environmental crime from a working class perspective that is all too rare in the genre And yet this thing is damn funny too

Explosion of Deferred Dreams Mat Callahan,2017-01-01 As the fiftieth anniversary of the Summer of Love floods the media with debates and celebrations of music political movements flower power acid rock and hippies *The Explosion of Deferred Dreams* offers a critical reexamination of the interwoven political and musical happenings in San Francisco in the Sixties Author musician and native San Franciscan Mat Callahan explores the dynamic links between the Black Panthers and Sly and the Family Stone the United Farm Workers and Santana the Indian Occupation of Alcatraz and the San Francisco Mime Troupe and the New Left and the counterculture Callahan s meticulous impassioned arguments both expose and reframe the political and social context for the San Francisco Sound and the vibrant subcultural uprisings with which it is associated Using dozens of original interviews primary sources and personal experiences the author shows how the intense interplay of artistic and political movements put San Francisco briefly in the forefront of a worldwide revolutionary upsurge A must read for any musician historian or person who was there or longed to have been *The Explosion of Deferred Dreams* is substantive and provocative inviting us to reinvigorate our historical sense making of an era that assumes a mythic role in the contemporary American zeitgeist *We, the Children of Cats* Tomoyuki Hoshino,2012-07-17 A man and woman find their genders and sexualities brought radically into question when their bodies sprout new parts seemingly out of thin air A man travels from Japan to Latin America in search of revolutionary purpose and finds much more than he bargains for A journalist investigates a poisoning at an elementary school and gets lost in an underworld of buried crimes secret societies

and haunted forests Two young killers exiled from Japan find a new beginning as resistance fighters in Peru These are but a few of the stories told in *We the Children of Cats* a new collection of provocative early works by Tomoyuki Hoshino winner of the 2011 Kenzaburo Oe Award in Literature and author of the powerhouse novel *Lonely Hearts Killer* PM Press 2009 Drawing on sources as diverse as Borges Nabokov Garcia Marquez Kenji Nakagami and traditional Japanese folklore Hoshino creates a challenging slyly subversive literary world all his own By turns teasing and terrifying laconic and luminous the stories in this anthology demonstrate Hoshino's view of literature as an art that wavers like a heat shimmer between joy at the prospect of becoming something else and despair at knowing that such a transformation is ultimately impossible a novel's words trace the pattern of scars left by the struggle between these two feelings Blending an uncompromising ethical vision with exuberant freewheeling imagery and bracing formal experimentation the five short stories and three novellas included in *We the Children of Cats* show the full range and force of Hoshino's imagination the anthology also includes an afterword by translator and editor Brian Bergstrom and a new preface by Hoshino himself

Braided Lives Piercy, Marge, 2013-09-01 Marge Piercy carries her portrait of the American experience back into the Fifties that closed repressive time in which forces for the upheavals of the Sixties ticked away underground Spanning twenty years and teeming with vivid characters *Braided Lives* tells the powerful unsentimental story of two young women coming of age Jill fiercely independent dark Jewish an intellectual with Detroit street smarts is a poet curious avid of life a professional student and sometime thief Donna Jill's cousin and closest friend is blond pretty and alluring Together they grow and change at college in Ann Arbor where the life of poets and painters contrasts sharply with the working class neighborhood where Jill's family lives In Michigan and afterward in New York City the two women taste love and betrayal friendship and pain independence and fear as they reach a deepening understanding that to control their lives they must fight And though their fates differ as widely as their personalities both reflect the danger that sex posed at a time when abortions were illegal and an affair could destroy a woman's life making the outcome of a chance encounter or a night of love a matter of life and death *Braided Lives* is an enduring portrait of the past that has led to our tenuous present In her new introduction to this edition Marge Piercy reflects on both the most autobiographical of her novels and the ongoing battles to ensure the hard fought victories of the Sixties and Seventies particularly around sex and reproductive rights

The Repair of the World Kerstin W. Shands, 1994-11-30 In Marge Piercy's work the repair of the world involves an affirmation of a healing and nurturing principle sometimes depicted as matriarchal but generally not gender bound In this book the first comprehensive critical survey of all of Piercy's fiction to date including her newest novel *The Longings of Women* the author places Piercy in American literary history and in American neofeminist thought She also highlights Piercy's analysis of power patterns in intimate relationships and in society and constructions of sexuality and gender as they relate to issues of class and ethnicity Situated within a feminist discursive space *The Repair of the World* both builds on and challenges earlier Piercy criticism

In the Singer's Temple Jack

Hicks,1981 In the Singer s Temple Prose Fictions of Barthelme Gaines Brautigan Piercy Kesey and Kosinski The Eagle's Voice Gary J. Maier,2001 In researching a group of about fifty Indian effigy and conical mounds on the north shore of Lake Mendota at Madison Wisconsin Gary Maier came upon a new understanding of these structures which have been a source of wonder and puzzlement to Europeans since the 1830s In unearthing the meaning of the mounds as a form of earth writing Maier also learned much about himself This is as one reader said an exciting detective story a personal journey through the mounds that will have significant meaning for all readers *Future Females* Marleen S. Barr,1981 A justification for paying serious attention to science fiction may by now be necessary only for other literary critics and scholars Still the question of why a book addressing itself to science fiction has to be faced briefly This comment the opening statement of Darko Suvin's recent book is of concern to Professor Barr editor of this volume since *Future Females* is addressing itself to women in science fiction Metaphorically speaking if the mere mention of the genre causes a ruffling of academic feathers then relating to women is analogous to placing all those simply ruffled feathers in front of a wind machine Everyone will not welcome a volume where science fiction is viewed in terms of women but Professor Barr felt such a volume is needed As Roger Schlobin's bibliography indicates women are certainly contributing continuously to the science fiction field This collection of essays illuminates some of this fiction The Fictional Labyrinths of Thomas Pynchon David Seed,1988 Margins Tom Montag,1975 A review of little magazines small press books *This Pen for Hire* John Leonard,1973 *Source Material for the Social and Ceremonial Life of the Choctaw Indians* John Reed Swanton,1931 Book Review Index ,1985 Every 3rd issue is a quarterly cumulation Feminist Bookstores Newsletter ,1976 **The New Yorker** Harold Wallace Ross,William Shawn,Tina Brown,David Remnick,Katharine Sergeant Angell White,Rea Irvin,Roger Angell,1971
