Publications Systems Department,1983 **Books in Print** ,1981 **Out of Time** Julian Johnson,2015-02-27 What does music have to say about modernity How can this apparently unworldly art tell us anything about modern life In Out of Time author Julian Johnson begins from the idea that it can arguing that music renders an account of modernity from the inside a history not of events but of sensibility an archaeology of experience If music is better understood from this broad perspective our idea of modernity itself is also enriched by the specific insights of music The result is a rehearing of modernity and a rethinking of music an account that challenges ideas of linear progress and reconsiders the common concerns of music old and new If all music since 1600 is modern music the similarities between Monteverdi and Schoenberg Bach and Stravinsky or Beethoven and Boulez become far more significant than their obvious differences Johnson elaborates this idea in relation to three related areas of experience temporality history and memory space place and technology language the body and sound Criss crossing four centuries of Western culture he moves between close readings of diverse musical examples from the madrigal to electronic music and drawing on the history of science and technology literature art philosophy and geography Against the grain of chronology and the usual divisions of music history Johnson proposes profound connections between musical works from quite different times and places The multiple lines of the resulting map similar to those of the London Underground produce a bewildering network of plural connections joining Stockhausen to Galileo music printing to

sound recording the industrial revolution to motivic development steam trains to waltzes A significant and groundbreaking work *Out of Time* is essential reading for anyone interested in the history of music and modernity
