Before, Between, and Beyond Sally Banes, 2007-03-30 Sally Banes has been a preeminent critic and scholar of American contemporary dance and Before Between Beyond spans more than thirty years of her prolific work Beginning with her first published review and including previously unpublished papers this collection presents some of her finest works on dance and other artistic forms It concludes with her most recent research on Geroge Balanchine s dancing elephants In each piece Banes s detailed eye and sensual prose strike a rare balance between description context and opinion delineating the American artistic scene with remarkable grace With contextualizing essays by dance scholars Andrea Harris Joan Acocella and Lynn Garafola this is a compelling insightful indispensable summation of Banes s critical career *Moving Words* Gay Morris, 2005-06-28 Moving Words provides a direct line into the most pressing issues in contemporary dance scholarship as well as insights into ways in which dance contributes to and creates culture Instead of representing a single viewpoint the essays in this volume reflect a range of perspectives and represent the debates swirling within dance The contributors confront basic questions of definition and interpretation within dance studies while at the same time examining broader issues such as the body gender class race nationalism and cross cultural exchange Specific essays address such topics as the black male body in dance gender and subversions in the dances of Mark Morris race and nationalism in Martha Graham s American Document and the history of oriental dance *Writings on Dance, 1938-68* A. V. Coton, 1975 New Dance Doris Humphrey, 1959* *The Dance Writings of Carl Van Vechten* Carl Van Vechten, 1974

Facts and Fancies Paul Taylor, 2013-02-26 Witty and whimsical writings about the dance of life by the legendary choreographer This wonderful new book by one of the preeminent dancers and choreographers consists of a range of pieces of fact and fiction that run from thoughts on friendliness and country living to animosity and city life Taylor s first book since

his autobiography *Private Domain* 1995 Alfred A Knopf is a romp through his playful mind with chapter titles such as *Why I Make Dances* *The Redheaded Spiritualist* *Martha Close Up* *Clytemnestra* *How to Tell Ballet from Modern* and *In the Marcel Proust Suite of L Hotel Continental* No other dancer ever looked like Paul Taylor that strapping elastic goofy hunk of a guy and no one else's dance works look like his either not the deep dark ones or the zany ones or the uplifting ones His vocabulary his tone are unique and unmistakable The same thing is true it turns out about his writing His style is utterly his own and like all real style it isn't a calculated voice but a reflection of the way his quirky mind works From the foreword by Robert Gottlieb Taylor has not cultivated one writing persona but has unleashed a raft of voices in a raft of forms travesty comedy fiction essay satire allegory poetry fable epistle While many of these selections are humorous as anyone familiar with Taylor's choreography knows even in the sunniest of his dances there are often threatening clouds on the horizon And the canny Taylor recognizes when to swap his Janus masks for maximum emotional wallop From the introduction by Suzanne Carbonneau

Collected Writings Frank Norris, 1928

Writing Dancing in the Age of Postmodernism Sally Banes, 1994-03-28 A leading critic traces three decades of contemporary dance from Balanchine to breakdancing *Dancing the New World* Paul A. Scolieri, 2013-05-01 Winner Oscar G Brockett Book Prize in Dance Research 2014 Honorable Mention Sally Banes Publication Prize American Society for Theatre Research 2014 de la Torre Bueno Special Citation Society of Dance History Scholars 2013 From Christopher Columbus to first anthropologist Friar Bernardino de Sahagún fifteenth and sixteenth century explorers conquistadors clerics scientists and travelers wrote about the Indian dances they encountered throughout the New World This was especially true of Spanish missionaries who intensively studied and documented native dances in an attempt to identify and eradicate the idolatrous behaviors of the Aztec the largest indigenous empire in Mesoamerica at the time of its European discovery *Dancing the New World* traces the transformation of the Aztec empire into a Spanish colony through written and visual representations of dance in colonial discourse the vast constellation of chronicles histories letters and travel books by Europeans in and about the New World Scolieri analyzes how the chroniclers used the Indian dancing body to represent their own experiences of wonder and terror in the New World as well as to justify lament and or deny their role in its political spiritual and physical conquest He also reveals that Spaniards and Aztecs shared an understanding that dance played an important role in the formation maintenance and representation of imperial power and describes how Spaniards compelled Indians to perform dances that dramatized their own conquest thereby transforming them into colonial subjects Scolieri's pathfinding analysis of the vast colonial dance archive conclusively demonstrates that dance played a crucial role in one of the defining moments in modern history the European colonization of the Americas

Making Ballet American Andrea Harris, 2017-10-02 Situating ballet within twentieth century modernism this book brings complexity to the history of George Balanchine's American neoclassicism It intervenes in the prevailing historical narrative and rebalances Balanchine's role in dance history by revealing the complex social cultural and political forces that

actually shaped the construction of American neoclassical ballet

Collected writings hitherto unpublished in book form Frank Norris, 1928 **Writings on Dance 4**, 1989 *Spectrums and Spaces of Writing*, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2013 The chapters in this book provide an overview of both global and interdisciplinary perspectives on Writing In an era when technology in general and social media in particular has appeared to overtake academic discussion in regard to how we communicate the thoughts research and praxes in this volume reveal that while the concept of writing has changed dramatically in the past decades the flow of words on a page or computer screen as a large flow of text still remains one of the key forms in which humans are able to crystallize thoughts Each chapter reveals a particular facet of this process revealing that it is only through the crafting process of producing words through the conduit of head to heart to hand that we can create and understand the external composite of internal creativity and reveal the power of human reflection The clearly demonstrates that writing is encapsulated humanity

The Art of the Dance Isadora Duncan, 1928 **Todd Bolender, Janet Reed, and the Making of American Ballet** Martha Ullman West, 2021-05-18 Martha Ullman West illustrates how American ballet developed over the course of the twentieth century from an aesthetic originating in the courts of Europe into a stylistically diverse expression of a democratic culture West places at center stage two artists who were instrumental to this story Todd Bolender and Janet Reed Lifelong friends Bolender 1914 2006 and Reed 1916 2000 were part of a generation of dancers who navigated the Great Depression World War II and the vibrant cultural scene of postwar New York City They danced in the works of choreographers Lew and Willam Christensen Eugene Loring Agnes de Mille Catherine Littlefield Ruthanna Boris and others who West argues were just as responsible for the direction of American ballet as the legendary George Balanchine and Jerome Robbins The stories of Bolender Reed and their contemporaries also demonstrate that the flowering of American ballet was not simply a New York phenomenon West includes little known details about how Bolender and Reed laid the foundations for Seattle s Pacific Northwest Ballet in the 1970s and how Bolender transformed the Kansas City Ballet into a highly respected professional company soon after Passionate in their desire to dance and create dances Bolender and Reed committed their lives to passing along their hard won knowledge training and work This book celebrates two unsung trailblazers who were pivotal to the establishment of ballet in America from one coast to the other

Writings on Dance Karen Pearlman, 1994 *Writings on dance. Vol. 4*, 1989 **What is Dance?** Roger Copeland, Marshall Cohen, 1983 A wide variety of writing is included in this anthology from the practical criticism of Arlene Croce and David Denby to the more scholarly work of Rudolph Arnheim Suzanne Langer and Havelock Ellis The collection is divided into seven sections What is Dance the Dance Medium Dance and the Other Arts Genre and Style Language Notation and Identity Dance Criticism and Dance and Society
