Dancing With Fidel:

Dancing with Fidel Stephen Foehr, 2001 Sensual sexual soulful and rhythmic its very emergence is a feat of courage and resilience where all but government approved musicians are oppressed and restricted

Last Dance in Havana Eugene Robinson, 2012-11-20 In power for forty four years and counting Fidel Castro has done everything possible to define Cuba to the world and to itself yet not even he has been able to control the thoughts and dreams of his people Those thoughts and dreams are the basis for what may become a post Castro Cuba To more fully understand the future of America's near neighbor veteran reporter Eugene Robinson knew exactly where to look or rather to listen In this provocative work Robinson takes us on a sweaty pulsating and lyrical tour of a country on the verge of revolution using its musicians as a window into its present and future Music is the mother's milk of Cuban culture Cubans express their fondest hopes their frustrations even their political dissent through music Most Americans think only of salsa and the Buena Vista Social Club when they think of the music of Cuba yet those styles are but a piece of a broad musical spectrum Just as the West learned more about China after the Cultural Revolution by watching From Mao to Mozart so will readers discover the real Cuba the living breathing dying yet striving Cuba Cuban music is both wildly exuberant and achingly melancholy A thick stew of African and European elements it is astoundingly rich and influential to have come from such a tiny island From rap stars who defy the government in their lyrics to violinists and pianists who attend the world's last Soviet style conservatory to international pop stars who could make millions abroad yet choose to stay and work for peanuts Robinson introduces us to unforgettable characters who happily bring him into their homes and backstage discussions Despite Castro's attempts to shut down nightclubs obstruct artists and subsidize only what he wants the musicians and dancers of Cuba cannot stop much less behave Cubans move through their complicated lives the way they move on the dance floor dashing and darting and spinning on a dime seducing joy and fulfillment and next week's supply of food out of a broken system Then at night they take to the real dance floors and invent fantastic new steps Last Dance in Havana is heartwrenching yet ultimately as joyous and hopeful as a rocking club late on a Saturday night

Dancing with the Revolution Elizabeth B. Schwall, 2021-04-06 Elizabeth B Schwall aligns culture and politics by focusing on an art form that became a darling of the Cuban revolution dance In this history of staged performance in ballet modern dance and folkloric dance Schwall analyzes how and why dance artists interacted with republican and later revolutionary politics Drawing on written and visual archives including intriguing exchanges between dancers and bureaucrats Schwall argues that Cuban dancers used their bodies and ephemeral nonverbal choreography to support and critique political regimes and cultural biases As esteemed artists Cuban dancers exercised considerable power and influence They often used their art to posit more radical notions of social justice than political leaders were able or willing to implement After 1959 while generally promoting revolutionary projects like mass education and internationalist solidarity they also took risks by challenging racial prejudice gender norms and censorship all of which could affect dancers personally

On a broader level Schwall shows that dance too often overlooked in histories of Latin America and the Caribbean provides fresh perspectives on what it means for people and nations to move through the world [Che's Chevrolet, Fidel's Oldsmobile](#) Richard Schweid,2009-06-01 Vintage U S made cars on the streets of Havana provide a common representation of Cuba Journalist Richard Schweid who traveled throughout the island to research the story of motor vehicles in Cuba today and yesterday gets behind the wheel and behind the stereotype in this colorful chronicle of cars buses and trucks In his captivating sometimes gritty voice Schweid blends previously untapped historical sources with his personal experiences spinning a car centered history of life on the island over the past century Packard Studebaker Edsel De Soto cars long extinct in the United States can be seen at work every day on Cuba s streets Havana and Santiago de Cuba today are home to some 60 000 North American cars all dating back to at least 1959 the year the Cuban Revolution prevailed Though hardly a new part has arrived in Cuba since 1960 the cars are still on the road held together with mechanical ingenuity and willpower Visiting car mechanics tracking down records in dusty archives and talking with car crazy Cubans of all types Schweid juxtaposes historic moments Fidel Castro riding to the Bay of Pigs in an Oldsmobile with the quotidian a weary mother s two cent bus ride home after a long day and composes a rich engaging picture of the Cuban people and their history The narrative is complemented by fifty two historic black and white photographs and eight color photographs by contemporary Cuban photographer Adalberto Roque **Moon Cuba** Christopher P.
