Daniels Desire:

Daniel's Desire Sherryl Woods,2010-01-01 Vulgar Genres Steven Rusczycky,2022-01-11 Vulgar Genres examines gay pornographic writing showing how literary fiction was both informed by pornography and amounts to a commentary on the genre's relation to queer male erotic life Long fixated on visual forms the field of porn studies is overdue for a book length study of gay pornographic writing Steven Rusczycky delivers with an impressively researched work on the ways gay pornographic writing emerged as a distinct genre in the 1960s and went on to shape queer male subjectivity well into the new millennium Ranging over four decades Rusczycky draws on a large archive of pulp novels and short fiction lifestyle magazines and journals reviews editorial statements and correspondence He puts these materials in conversation with works by a number of contemporary writers including William Carney Dennis Cooper Samuel Delany John Rechy and Matthew Stadler While focused on the years 1966 to 2005 Vulgar Genres reveals that the history of gay pornographic writing during this period informs much of what has happened online over the past twenty years from cruising to the production of digital pornographic texts The result is a milestone in porn studies and an important contribution to the history of gay life

Black Women in the Fiction of James Baldwin Trudier Harris,1985 In James Baldwin's fiction according to Trudier Harris Black women are conceptually limited figures until their author ceases to measure them by standards of the community fundamentalist church Harris analyzes works written over a thirty year period to show how Baldwin's development of female character progresses through time Black women in the early fiction responding to their elders as well as to religious influences see their lives in terms of duty as wives mothers sisters and lovers Failure in any of these roles

leads to feelings of guilt and the expectation of damnation In his later works Baldwin adopts a new point of view acknowledging complex extenuating circumstances in lieu of pronouncing moral judgement Female characters in works written at this stage eventually come to believe that the church affords no comfort Baldwin subsequently makes villains of some female churchgoers and caring women who do not attend church become his most attractive characters Still later in Baldwin s career a woman who frees herself of guilt by moving completely beyond the church attains greater contentment than almost all of her counterparts in the earlier works
